

# AMERICANS FLEEING FROM MEXICO AS TROOPS PURSUE OUTLAWS

## NO CASUALTIES ARE REPORTED; EXPECT A CLASH WITH BANDITS AT MOST ANY HOUR

El Paso, Tex., March 17.—Rapidly growing uneasiness among Americans throughout Mexico, especially in the north and west, was evidenced today by reports from various sections that United States citizens were either on their way to the border or were preparing to leave.

At practically every point of entry along the northern and the northwestern frontier Americans arrived today from the interior. In the majority of instances they said they were leaving Mexico as a matter of precaution and not because of any overt acts of hostility against them.

The most significant report was received from Durango, where the American vice consul was advised that his wife and child had been sent out of the country. This followed closely on the arrival last night on the border of the American consul from Torreon, with a large number of Americans.

San Antonio, Texas, March 17.—The American expeditionary force has no casualties or no clashes with Villistas to date, according to reports received today at Fort Sam Houston. There have been no instances of sniping reported.

El Paso, Tex., March 17.—Carranza officials, it was learned today have been discussing with some concern whether American troops during the Villa pursuit, would have to occupy any Mexican cities and the effect of such occupation upon Mexican public sentiment.

The Carranza officers have frankly expressed the hope that the garrisoning of the cities can be left to their own troops. The American army's choice of the Chihuahua desert as its place of entry precludes for the present such a problem as city garrison duty. It is estimated here that the cost of the Villa pursuit at present is upwards of \$40,000 per day.

Water was running today in the irrigation ditches back of the Juarez race track and thereby was explained a sensational report widely published early this week that the Juarez garrison was digging military trenches.

Americans at Sunday's ranch saw brown-clad men who seemed to be digging in ditches and the trench story spread. They were workmen cleaning rubbish out of irrigation ditches so that the water might enter.

Washington, March 17.—Senator LaFollette, republican, today introduced and the senate adopted without opposition a resolution approving President Wilson's course in sending a punitive expedition to Mexico and assuring the Mexican people further that the object of the expedition was merely punitive.

### The Young Lady Across the Way

A young lady across the way says that perhaps one reason Mr. Wilson would rather remain in office than run for President is that he doesn't care to live in Washington.

## MOULDING ARMY BILLS IN HOUSE AND SENATE

### OHIO MAN CHAMPIONS HOUSE BILL

Washington, D. C., March 17.—Under a ruling limiting general debate to ten hours, the house today began considering the army bill—the most extensive proposal for increasing the military establishment ever laid before it in peace times. If possible a final vote will be reached tomorrow night.

Forty speakers have asked for time, Republicans and Democrats being equally represented in the list.

When the debate began no opposition of the general plan of preparation had asked to be heard. No general opposition was in evidence.

Representative Gordon, Democrat, of Ohio, led off for the bill. He had been listed as an anti-preparedness man, but explained today that his opposition was only to a great standing army.

While the house was debating the army bill today the final draft of the senate army bill was favorably reported by Chairman Chamberlain.

Senator McCumber, Republican, of North Dakota, made a speech urging the country not to be severed from a middle course between war hysteria and utter defenselessness. He contended that the United States was in less danger of attack than ever before.

### IRONTON APPLE SHOW TO GET STATE AID

Columbus, O., March 17.—The state fair budget this year, as presented to the state board of agriculture today in an unfinished condition, will be about \$75,000, two-thirds of which will be for premiums. Final action on the budget was deferred by the board until the next meeting.

The price of his cholera serum made at the state serum plant at Reynoldsburg was reduced from 7 1/2 to 1 1/4 cents per cubic centimeter. This will effect a saving of about \$50,000 a year to farmers who use the serum. The board appropriated \$3,000 for new equipment for the serum plant and ordered a new business system installed.

Norman E. Phillips, of Painesville, was appointed state apothecary inspector at a salary of \$70 a month. The resignation of George B. Oakley, of Toledo, a drug inspector, was requested "for personal reasons". The board took action to give the Ironton apple show \$800 state aid.

Lloyd S. Bostwick, of Seville, and E. E. Jackson, of Rockford, both militia officers, also wrote to the chief executive offering to organize and drill companies of infantry for Mexican service. None of the offers have been accepted as yet.

### HOLDS IN FAVOR OF SOCIAL CLUB IN LIQUOR CASE

Cincinnati, O., March 17.—In dismissing Ned Kumpf, manager of the Wardmen's Social Club from a charge of violating the liquor license law here today, Police Judge Spiegel made a ruling that will arouse interest in numerous social clubs in Ohio with reference to the liquor license statute.

The Wardmen's Club was raided by the police last Sunday. Members of the club were found there consuming refreshments, some of which included intoxicating liquors. Kumpf was arrested. The defense pleaded that the club was duly incorporated under the laws of Ohio, chartered, held its elections and had a weekly meeting place which, owing to all of the club members working during the week, was therefore used

only on Sunday; that a club due of \$3 was charged each member, and with this the club was run, all refreshments being purchased from the dues; that no liquor was sold, neither was any bought or given away, but that the members simply consumed the liquor and refreshments that they themselves had purchased previous to Sunday. No limited amount of liquor was held for any member, but each could partake of as much as desired, without any other cost other than the dues.

Judge Spiegel, in dismissing the case, said these acts constituted no sale of liquor under the law of sale and that Attorney General Turner's recent ruling on clubs and the liquor license law was not in conflict with his decision.

## DENTAL LAW KNOCKED OUT

Cincinnati, O., March 17.—It is a well established principle of law that the legislature, under the guise of protecting the public interests, may not arbitrarily interfere with private business or impose unusual and unnecessary restrictions upon lawful occupations," declared Common Pleas Judge Nippert, in a decision knocking out two important sections of the Lloyd law, or dental statute recently passed. The sections declared invalid are Section 1325 and Section 1326, which Judge Nippert declares would practically prevent a dentist from advertising.

Judge Nippert's decision, while applying particularly to dentists

who advertise, is a decision for the legality of advertising any lawful business.

He declares the legislature might as well seek to stop a soap manufacturer from advertising his business or compel him to advertise it only under the individual name of the manufacturer, instead of under a trade-mark name.

In deciding that way, Judge Nippert also takes occasion to say, "There is no law on the statute books to prevent lawyers whose specialty is the collection of accounts from advertising their business under such names as they choose."

### SEVEN IN FAMILY PERISH

Keyser, W. Va., March 17.—Ellsworth E. Fout, a farmer of Clayville, near here, and his six children, ranging in age from four to eighteen years, were burned to death early today when fire destroyed the Fout homestead.

Columbus, O., March 17.—State examiners today ordered various Licking county officials to pay the county \$13,127, mostly small sums due as taxes.

### INSISTS ON ECONOMY IN BUDGET

Berlin, March 17.—(By wireless to Sayville)—Dr. Karl Helfferich, secretary of the imperial treasury, introduced in the Reichstag yesterday the budget proposals and bills for the new year taxes. Dr. Helfferich insisted upon the necessity of rigid economy in framing the budget, saying:

"We shall put on the brakes wherever we can."

Dr. Helfferich said it was essential to make adequate provisions for war requirements in the way of loans.

"This is not red tape," he said. "It is nothing but duty and foresight for a coming day."

## AMERICAN CONSULS ORDERED TO PROBE SINKING OF LINER

### DEFEATED BY TURKS BRITISH BEGIN RETREAT

Washington, March 17.—American consuls in Holland have been instructed to investigate the sinking of the Dutch liner Tubantia, said to have been torpedoed with Americans aboard. Consular agents at Gibraltar and Lisbon have been instructed to investigate the reported unsuccessful attempt to torpedo the French liner Patria.

London, March 17.—A Reuter dispatch from Amsterdam says: "Richard Schilling, the American consul, who, with his wife and daughter arrived here this morning with other survivors of the Tubantia, expressed the opinion that the liner struck a mine. The steamer, he said, soon came to a standstill after being struck and almost immediately heeled over. The passengers and crew rushed on deck, leaving all their belongings behind, and consequently lost all their baggage. Mr. Schilling had heard that some persons on board had lost their lives, but the correspondent was unable to obtain any confirmation of this."

Berlin, March 17.—(Wireless to Sayville)—The British forces on the Tigris below Kut-el-amara began a general retreat after their defeat near Felahie on March 8, with the Turks in pursuit, according to today's headquarters report from Constantinople received here.

### PRESIDENT WORE GREEN NECKTIE AND SHAMROCK

Washington, March 17.—President Wilson celebrated St. Patrick's Day today by wearing a green necktie and a sprig of Shamrock sent him by John Redmond, the Irish Nationalist leader in the British parliament. Sprigs of green were worn generally by members of the cabinet and other government officials.

New York, March 17.—The German drive at the Verdun defenses has again shifted its direction. Strong assaults were made by the Germans on the lines east of Verdun during the night, five successive assaults in the Vaux region being repulsed by the French, Paris announced today.

The German attacks were of the most violent character, but each was broken up by the French curtain of fire, the Paris war office declares.

Both the fort and the village of Vaux were objectives of the Germans, two attacks being made on each, while a fifth was delivered in an effort by the Germans to debouch from a protected road-way southeast of Vaux village.

The heavy fighting in the past few days has been to the northwest of the fortress and only last night Paris reported massed attacks by the Germans, who drove at the French position at Dead Man's Hill, only to be forced back eastward toward the Corbeaux woods, suffering heavy losses.

Although a bombardment has been continued in this region, the infantry attacks have not been renewed.

The Italian offensive along the Isonzo is commanding increasing attention although Vienna's latest report on the situation declares the attacks on the Austrian lines have decreased in violence.

London, March 17.—A Reuter dispatch from The Hague says the Dutch ministry of marine has announced that affidavits made by the first and fourth officers and the lookout man of the Tubantia show that the steamer was hit by a torpedo. These men declare they saw in the water a white streak made by a torpedo and that at the moment the streak reached the side of the steamer amidst the explosion occurred.

Mrs. Wesley B. Brown of Stockdals is in a serious condition at her home near there. She suffered a stroke of paralysis Tuesday, her left side being affected. She is about 70 years of age.

## CLAIM TURKS WANT PEACE

London, March 17.—The Rome correspondent of the Exchange Telegraph Company sends the following:

"A message from Bern says that Naby Bey, former Turkish Ambassador at Rome, is reported to be endeavoring to negotiate a separate peace for Turkey with the Allies."

### "LONG GREEN" HANDED OUT BY OFFICIALS

Columbus, O., March 17.—State house officials celebrated St. Patrick's Day by contributing some "Long Green" to a committee of women soliciting for the \$300,000 fund to build a children's hospital in Columbus. Governor Willis and other state officers made up an amount totalling almost \$1,000.

### STABBED TO DEATH AT BREAKFAST TABLE

Toledo, O., March 17.—Frank McClaren, 60, was stabbed to death by Joseph Barbara, 25, a fellow inmate in the Toledo state hospital for the insane Friday morning.

## INSURANCE FUNDS WILL BE LOANED

Columbus, March 17.—Two million dollars of state insurance funds will be loaned to banks next Monday. Bids are to be opened then and money distributed by State Treasurer Archer to the banks offering the highest interest rates on indefinite term loans. Simultaneously an amount slightly less will be withdrawn from banks where it has been on deposit under similar circumstances.

Treasurer Archer said today he expects to receive bids which will allow the loaning of money at rates between 4 and 4 1/2 per cent. It is expected 100 banks will bid, each naming the amount desired and the rate it is willing to pay.

### Billy Butt In Times Weather Map

These are the sort of days that get under the skin—that make a fellow feel and think in the terms of 'runnin' streams, poles and lines and wiggling three or more pounders goin' straight from the water to the skillet. Don't be surprised to hear of me and some o' th' Hammer Club regulars beatin' it for the river now most any time. Here's for tomorrow:

Ohio—Partly cloudy and warmer tonight and Saturday. Probably local snows.

Kentucky—Partly cloudy and warmer tonight. Saturday probably snow or rain.

West Virginia—Local snows tonight and Saturday, except generally fair in west portion tonight. Warmer Saturday.

# Amanda Had Troubles And She Talked "By The Yard" In Telling The Mayor About It

The marital troubles of Andrew and Amanda Patterson, colored, were given an airing in police court Friday, and but for Mayor Kays calling a halt, the woman would be talking yet.

Amanda said she had been married for four years, but did not intend to remain married that much longer, after what happened late Thursday night, when, she said, Patterson pulled her out of bed and piled all of the bed clothing on top of her, besides showering her with some shocking names. She said he got so raw and warm that she did not stop to completely dress and ran outdoors in night attire to call the police.

She said they had been to a picture show together and he commenced quarreling as soon as they reached home, she said. She concluded the easiest way was the best, and went to bed and buried herself under the "kivers" to keep from listening to him, then the above happened. She said that Patterson, who works at the N. & W. Terminal, had given her but one pitiful dollar this week, but that he stole that from her Thursday.

She was reminded that the official

report indicated that she was intoxicated when she came to headquarters to file an affidavit against her husband. She denied this, explaining, "I might have been excited, for I done never before been in a mayor's office and didn't know just how to act." The court assured her that all that was required was for her to set "natural." Patterson made a general denial of his wife's charges, but admitted talking back to her when she called him several vile names. They were fined \$10 each, to stand committed until the fines are paid.

**ODD WESTERNER MAKES RICH STRIKE---WILL GIVE FREE CONCERTS.**

Free Vaudeville, Free Lectures and Demonstrations Monday and Tuesday Nights, Commencing March 20th at Distel Hall, Seventh and Chillicothe Streets and Continue Every Night For Two Weeks

Pizaro, the California Cactus Juice Man, as he is sometimes called, who has succeeded in stirring up the principal cities in Ohio with his new discovery, called California Cactus Juice, made from the juice of California fruit and cactus plants that grows in the fertile valleys and deserts of California, and is endorsed by thousands of Ohio people who have been restored to health and happiness by this master medicine. Reports from Chillicothe, Ohio, Warren, Dover, Massillon and other cities where Pizaro held forth last summer, speak highly of this man and his medicines. I shall be in Portsmouth probably a month or more and start my health campaign in Distel Hall, commencing next Monday night, March 20. Free admission to everybody on Monday and Tuesday night. I carry my own brass band and company of entertainers and invite the public to attend and hear my health talks and concerts.

My theory is that stomach trouble is the foundation for a great many diseases and I attribute most of the ills in this world to disorders of the stomach. I believe the stomachs of civilized nations are slowly degenerating from centuries of abuse. Seventy-five per cent of all Americans are in poor health owing to weakened digestive organs, caused from over eating and the consumption

## RITTER AND BATES GET CONTRACT

Plans for the new \$85,000 high school building that is to be erected in Wheelersburg will be drawn by Architects Ritter and Bates of this city. They were awarded the contract at a meeting of the Wheelersburg school board held Thursday.

The plans will call for a six-room building, to be built of brick and stone, and it will have an auditorium that will seat 400. It will also contain ideal quarters for manual training and domestic science departments. A site for the new building has not been chosen.

### OLDS FOLKS RECIPE FOR WEAK KIDNEYS

To Quickly Save Elderly People From Kidney and Bladder Miseries

While people well along in years are more subject to weak kidneys and bladder than younger folks, their trouble need not necessarily be serious and can often be easily corrected by a safe, simple home kidney regulator that acts promptly. A good plan is to stop eating meat, sugar and sweets for a few days and to take a few doses of Solvax with which Wurster Bros. or any local druggist can easily supply you at little expense. Solvax is harmless and acts safely but quickly on the kidneys and bladder to strengthen them for their natural work and drain out all the impurities from the blood that cause the kidneys to get slow and sluggish. Twenty-four hours generally show results and make the kidneys act fine. Back Pains and weakness soon are forgotten and sufferers are enabled to get a good eight hours sleep without getting in and out bed several times during the night.

Do not suffer another day but see at once if Solvax will not relieve you. If you find it does not tell the druggist so and he will cheerfully return the money you paid him for it. We know no stronger argument for any medicine than the willingness of those who sell it to stand back of it in this way.

## Short-Change Charge Cause Of A Scrap On Street And Arrests; Physician Testifies

Believing that what he had seen was an unprovoked assault, Dr. Albert Berndt appeared in police court Friday as a voluntary witness to testify in the case of John and Thomas George, charged with drunkenness and disorderly conduct.

Dr. Berndt said he had just come out of Jacob Hoer's fruit store on Chillicothe street, Thursday evening about 5 o'clock when he saw two men passing Charles Berry's, and the next instant Berry ran out of the saloon and grabbing the men appeared to be pulling them back. A second later a man he thought was a bartender, as he wore an apron, and a third man, also came out and proceeded to pummel the two men, knocking them down and kicking one of them as he lay prostrate. He said the two men did not appear to be offering any resistance and it looked to him that they were victims of an unprovoked assault.

Dr. Berndt at once called up

## FAMILY OF EIGHT LEFT DESTITUTE BY A FIRE

### BOY SAVED SISTER

The baby of the household would have been burned to death had it not been for the heroic act of her four-year-old brother, who ran through the flames, picked up the baby girl from a burning bed and carried her outside the house. The boy's face and hands were badly blistered, but he did not seem to worry in the least, for he had saved his little sister from a horrible death.

With her six small children by her side Mrs. Elizabeth Reynolds stood tearfully watching flames destroy her last dollar's worth of hard earned household furniture and clothing Thursday afternoon at 4:30 o'clock. The home which is owned by H. A. Bierley, local real estate dealer, is located in the new

Bierley addition, Scioto Trail. It was completely destroyed before the fire departments arrived.

Mrs. Reynolds had stepped out for a few moments and on returning found her children standing in front of the home watching a fire devour the small wooden structure.

The attendants at the Hempstead hospital who had noticed the fire turned in an alarm. The Hill Top and the Seventh street departments responded but arrived too late, for the little home was a mass of charred ruins and smoldering ashes. The loss is about \$400. No insurance was carried by the owner. It is believed that the fire started from a defective

five.

The woman is now confronted with starting out again to purchase household necessities and clothing for her six children and care for a sick husband.

According to the owner, who has contributed to their support the family is worthy and deserving of charity. During the four years that they lived in the Bierley property, they promptly met their obligations.

Those desiring to assist the worthy family in starting life anew should call The Times. Mr. Bierley will locate the family and keep in touch with them.

## CINCINNATI DOCTORS FACE CHARGES HERE

Dr. George D. Schwenkmeyer and Dr. R. Von Walden, who were arrested in Cincinnati Thursday for the Portsmouth authorities on indictments charging the former with suspicion concerning the death of the late C. H. Penstemon and the latter with illegal practice were brought to this city Thursday night by Deputy Sheriff Rome Arthur and lodged in the county jail.

Friday morning they were arraigned before Judge Thomas C. Beatty, owing to the absence of Judge Thomas, who is conducting court at West Union, and they were released on \$300 bonds each. They will be given a hearing when Judge Thomas returns.

Concerning the Cincinnati end of this story the Enquirer of Friday said:

The Ohio Medical Board was in Cincinnati to hear testimony and arguments on the revocation of Dr. Schwenkmeyer's license on two counts. One charged illegal practice and the other, illegal division of medical fees.

On the first count Dr. Schwenkmeyer's license was revoked by a unanimous vote of the board. The board took no cognizance of the second count. The hearing on the second count was the first ever held in Ohio under the present law.

Thrills Enliven Session  
Altogether there were enough thrills to keep the seven members of the board and the secretary on edge all morning.

They hardly had convened when mandamus proceedings from common pleas court of Hamilton county were served on them.

license began. Von Walden was a witness in this case, but refused, on advice of counsel, to answer questions. Froome Morris represented the attorney general of the state.

The case was based on the death of Charles Penstemon, Portsmouth, and the principal testimony was given by his widow and Portsmouth physicians. The story the widow told on the stand was to the effect that her husband late in December was suffering from an acute case of dropsy and was given up by the local physicians. Reading of an advertisement of the Von Walden system she wrote to him, and while he did not promise a cure, she said he promised to aid her husband by his method. He fixed his fee at \$250, which Mrs. Penstemon paid, she said.

**Tells of Their Visit**  
Then, she said, Dr. Schwenkmeyer and Von Walden visited her husband for a half hour, prescribed certain diet and left. She never saw them again, she said.

This was late in December. Mr. Penstemon died January 4. During the hearing before the State Board Sheriff George Schott received a capias for Von Walden and Schwenkmeyer issued on a joint indictment by the Scioto County Grand Jury at Portsmouth charging them with "practicing medicine without a license."

Deputy Sheriffs John Connolly and William McNally were detailed to take the two men into custody. McNally arrested Schwenkmeyer as he walked from the room at the Sinton, where the hearing was in progress. A short time later Deputy Sheriff Connolly arrested Von Walden.

Both men were held at the sheriff's office pending the arrival of Deputy Sheriff Rome Arthur, from Portsmouth. Von Walden appeared to be willing to make a statement to the press concerning his arrest, but he was advised not to do so by Schwenkmeyer.

**Refused to Refund, He Says**  
Before he was stopped by his companion Von Walden said that the trouble was caused by his refusing to refund \$100 of a fee paid by relatives of Penstemon. He said that both he and Schwenkmeyer had treated Penstemon, giving a treatment known as "hydro-therapy and Swedish massage."

"The man seemed to be getting along nicely and was responding to treatment," said he, "when he was seized with a hemorrhage and died. We have had lots worse cases and the men are walking about the streets today."

Deputy Sheriff Rome Arthur arrived last night at 6 o'clock, and left last night for Portsmouth with his two prisoners.

Judge A. Z. Blair, Portsmouth, was at the hearing, representing private individuals of that city. Dr. J. C. Rardin, Portsmouth, testified.

The State Board present yesterday included Dr. L. E. Siemon, Cleveland, Chairman; Dr. Lee Humphries, Malta; Dr. Ben R. McCollan, Xenia; Dr. J. H. J. Upham and Dr. S. M. Sherman, Columbus; Dr. John K. Scudder,

Cincinnati; George H. Watson, Secretary; George V. Sheridan, Columbus, editor of the Ohio State Medical Journal, attended both sessions.

**Tells of Two Indictments**  
Deputy Sheriff Rome Arthur, Portsmouth, said last night two indictments were returned against Von Walden on the testimony of Lavinia Penstemon, and James I. Moon, Portsmouth, and a joint indictment against Von Walden and Schwenkmeyer was based on Moon's evidence.

Moon alleged he paid the two men \$150 for having treated his wife, who died recently, said Arthur.

The indictments were returned by the Scioto Grand Jury in February, Edward Levy, representing the Chicago Bonding and Surety Company, accompanied the deputy and his prisoners to Portsmouth last night and will sign the bond of the two men.

**BIRTHS**  
A fine big St. Patrick's Day baby boy was born to Mr. and Mrs. Samuel Frisencia, Eleventh and Waller streets Friday. Dr. J. D. Jordan who, attended the mother stated that the father was born in Italy and the mother in Ireland.

St. Patrick's Day was ushered in with a new son at the home of Mr. and Mrs. Floyd Stone, of 416 Sinton street, the new arrival putting in his appearance at 8:40 this morning. The proud father is employed by the Selby Shoe company.

Mr. and Mrs. William Wagonman, of McDermott, are the proud parents of a baby son, who arrived several days ago. The "daddy" is employed as blacksmith at the McDermott Stone Company's quarry.

The stork left a baby daughter at the home of Mr. and Mrs. Oscar Dunlap, of Davis Station, Thursday. The little miss is their first-born. Mr. Dunlap is a farmer.

### Suggestion To Women

Who Are "Just Ready To Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired on next morning as when you went to bed, you need help. You can get it just as Mrs. Maxwell did. She says:

"I keep house for my little family of three, and became completely run-down. I was weak, nervous and could not sleep; finally I was unable to do my housework. A friend asked me to try Vinol. I did so and improved rapidly. It toned up my system, I regained my strength, am no longer nervous, sleep well, and do all my housework." Mrs. J. C. Maxwell, Montgomery, Ala.

There is no secret about Vinol. It owes its success to the medicinal extracts of fresh cod livers, tonic iron and beef peptone, the oldest and most famous body-building and strength-creating tonics.

So many letters like the above are continually coming to our attention, that we freely offer to return the money paid for Vinol in every case where it fails to give satisfaction.

## When You Think

of the many ills directly traceable to defective eyes it seems awful—headaches for instance—a common misery, made more so by the hot, glaring sun's rays.

Formerly the first thought was "DRUGS" which meant temporary relief. Now a pair of Carr's TORIC LENSES means immediate relief, a permanent cure, and strong, clear eyes that's what your eyes call for.

Remember, if they bother you only slightly, make Carr's your first thought. You'll be glad.

No charge for examination and glasses recommended only when necessary.

# THE MARKETS

## NEW YORK STOCKS

New York, N. Y., March 17.—Specialties were again manipulated upward in today's market, while representative stocks were barely firm.

Material gains were registered at the outset of today's active market, war shares and allied specialties being the most conspicuous features. Advances ranged from 1 to 3 points in American Can, American Zinc, Mexican Petroleum, Colorado Fuel, Lackawanna Steel and the sugar and shipping shares.

Mercantile Marine preferred was especially prominent and with Can and U. S. Steel was freely absorbed. Crucible Steel was inclined to react in the initial dealing.

ings but soon made full recovery. Ralls manifested their usual backward tendency with fractional recessions in Reading and Great Northern.

Activity abated before the end of the first hour, trading falling far below yesterday's corresponding period. Prices yielded as dealings diminished, the munitions group, with few exceptions, cancelling early gains and showing general heaviness. Profit taking contributed to the decline, but short selling induced by adverse Mexican rumors, also was a factor.

The market hardened again toward mid-day, mainly in consequence of a board demand for coals, Norfolk and Western and Chesapeake and Ohio leading the movement with gains of 2 to 3 points. Bonds were steady.

Crucible and Bethlehem Steel Express shares and Mexican Petroleum, all at higher prices, featured the dull final hour. The closing was irregular.

## Society

The M. M. Club was entertained Thursday afternoon at the home of Miss Ella Taylor, in Seabrook. Needlework and music were the diversions of the afternoon. The guests were invited to the dining-room, where the table was adorned in sweet peas. The refreshments were sandwiches, pickles, olives, coffee, pineapple, sponge cake and candy. The colors were in green and white and the little favors were in keeping with St. Patrick's day. Those present were Mesdames Clyde Sennott, Nelson Watkins, Wendell Taylor, Horace Beloit, Russell Cunningham, Misses Alma Swickert, Myrtle Cunningham, Laura Brant.

The next meeting of the Merry Twelve Club will be held at the home of Mrs. Russell Stockham, March 30th.

The Royal Daughters of Ruth of the Grandview Avenue Bible school held a business and social session last evening at the home of Miss Clara Mason, on McDonnell avenue. The class was organized and officers for the ensuing year were elected as follows:

President—Miss Grace Eisenble.  
Vice-President—Miss Margaret Wall.  
Secretary—Miss Ruth Strickland.  
Assistant Secretary—Miss Grace Hulick.  
Treasurer—Mrs. Puckett, the teacher.  
After the business refreshments were served.

Mrs. Mary Lancaster Knight and Miss Eleanor Yost will be hostesses at the meeting of the Progress Club next Monday evening, at the home of Mrs. W. W. Applegate, sister of Miss Yost, 1126 Third street.

The Art Circle will be entertained with a noon dinner March 30th, at the home of Mrs. W. S. Walker, where Mrs. J. I. Hudson and Mrs. D. A. Grimes will also be hostesses.

Rea Selby is home from the O. W. U., Delaware, for a short visit with his parents, Mr. and Mrs. P. E. Selby.

Mrs. J. B. Cunningham entertained the Country Club this afternoon at her home on John street. Miss Mary Berry, of Peabody, sister of Mrs. E. C. McCoy, and Mrs. Savage, mother of Mrs. C. T. Davis, were the only guests. A dainty repast ended the afternoon's pleasures.

The First Presbyterian Woman's Auxiliary elected delegates to the Presbytery meeting to be held in Hitley, April 13th, as follows:

Mrs. Louis Peel and Mrs. David Thomas, delegates; Mrs. Joseph Lake and Mrs. John Wood, alternates. Miss Lizzie Neil, who is an officer in this district, will also attend the meeting.

The Friday Afternoon Kensington Club will hold the next meeting at the home of Mrs. William Micklethwait, on Friday afternoon, April 21st.

### Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone and the scalp will be moist and healthy. This is the only remedy that will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

### Glasses Help Headache

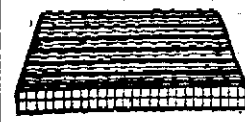

Many are the causes which bring on strain and the consequent headaches. Eye headaches are those which no medicine seems to reach; these dull headaches which make life miserable, bring wrinkles to the brow and a dull look to the eyes. Nature never intended the eyes to be overworked, but if they have been so overworked and taxed beyond their normal strength, then science may show the remedy—glasses. Come here and have your eye glasses scientifically made as there is much satisfaction in good glasses.

## Operetta Produced By Garfield School Is A Delightful Treat

All past performances, cantatas, playlets and operettas put on by public school pupils were surpassed probably by the operetta given by 155 pupils of Garfield school every Thursday evening in the high school auditorium, which was completely filled by interested mothers and hundreds of others who enjoyed the work of the children. Chairs had to be provided for a large number as every one of the 1200 seats in the auditorium were occupied.

The hour's entertainment offered by the pupils equaled several of the high class lecture course numbers seen at the high school. After the receipts were counted Thursday night it was found that the school made \$150 to add to the piano fund.

The success of the entertainment can be attributed to the splendid coaching of three Garfield teachers, Misses Rhoda Fary Davis, Ida Lillian Davis and Mildred Susan Thomas. Much praise is due these teachers who gave hours of their time in training the children for their training parts. The operetta entitled "A Midsummer's Day," made a splendid impression on all present and will likely be repeated at some future time. The piano accompanist for the different songs was Miss Fary Davis, who was assisted by Boyce Prince, violinist, and Raymond McCoy, cornetist. The trio of teachers received many compliments on the success of the day. Much praise is due the pupils who worked faithfully to make the play one of the best ever given by any school.

It opened in a flower garden with Primroses, Daisies, Poppies, Violets, Pansies, Nasturtiums, As-ters and Pinks, there being close to 75 pupils in the cast. All were dressed to represent the different flowers. The opening number was a chorus by the flowers entitled "Blossoms Fair." The flowers complain of their treatment by a child, as she fails to water them. The child is Lucille Chick who certainly took care of her part in a capable manner. She played under difficulties too, having been ill at her home all day. She sang beautifully. The dance by Miss Morris could not have been better. She brought in the Rain Fairies, Thelma Workman and Lucille Kyle who danced gracefully with the Queen. A sextette composed of Etta Gray, Erma Burtrum, Freda Farmer, Victor Lewis, Don Phillips and Clarence Gilmore sang "On Still Warm Nights." The curtain closed on the first act with the Flowers, Queen Fairies and Sunbeams leaving the stage singing "To Fairyland."

At the close of the act the Korn Carnival chorus sang "Water Lilies." This chorus won the loving cup during the choral contest at the Korn Carnival and by request rendered the song again last evening, many having failed to hear it during the Carnival. As the curtains were pulled aside for the second act the Brownies were seen stealing to their places. They are joined by the Fairies, all taking part in a May-pole dance. Several minutes of applause followed this number. Next was a solo by Mabel

Farmer who rendered "A Wish," "The Naughty Brownie" song was rendered by Maurita Sikes, Mabel Farmer, Thelma Workman, Lucille Pulsing, Paul Brunner, Glenn Coe, Manley Stanley, and Stephen Lewis. Then followed a dance by the Queen, Rain Fairies and the Child. The Queen tells of the pitiful condition of the flower garden and asks the aid of the Brownies. The Brownies bring in the Sunbonnet Babies and Overall Boys and questions them on the care of the garden. The answer is a solo, "How to Make Your Garden Grow" rendered by Josephine Dixon who has a splendid voice. Solos were then rendered by Paul Combs who sang "Mysteries" and John McNamara who rendered a very pleasing selection. The act closes with the entire number singing "Midsummer's Day."

The show as a whole was a splendid success and every moment of it was thoroughly enjoyed. The Child—Lucille Chick. The Queen of Fairies—Edith Morris. Primrose—Hazel Kelly, Myrtle Boyd, Maud Johnson, Viola Sarver, Madeline Morris, Charlotte Buckley, Clara Rush, Dorothy Smith, Alma Newman, Mary Turner, Irene Thompson, Irene Ramey, Marguerite Fullerton, Anna Blazer. Daisies—Mabel Boyd, Evelyn Goetz, Freda Farmer, Hazel Mas-sie, Pearl McIntee, Irma Burtrum, Manie Warner, Olyn Stewart, Helen Carmichael, Agnes Smith, Doris Curtis, Clara Jenkins, Bernice Morris, Ruth Thompson, Mildred Graves, Mabel Wolf. Sunbeams—Dorothy Kratzer, Edna Sutton, Naomi Pitts, Ruth Allison, Olive Keller, Elizabeth Goddard, Leona Scott, Iris John-son, Alma Short, Mary Shields. Pittsburgh Visitor Oscar Cooper, of Pittsburgh, is in the city on a week's visit with relatives and friends.

## What Is Chiropractic?

It is Nature's sensible road to health. It deals directly with the cause of ill health and is a scientific method of adjusting the cause of disease.

The Chiropractic idea is, that the cause of so-called disease is in the person afflicted and the ad-justment in overcoming that cause. Nearly all affliction is due to nerve compression at the spinal column as such pressure inter-

feres with nerve function giving rise to unnatural action of the parts the nerves supply. There can be no disease without a cause. Chiropractic removes the cause, Nature cures. It will cost you nothing to investigate.

# JR. O. U. A. M. GOING AFTER FREE TEXT BOOKS

## PEERLESS COUNCIL BEHIND PLAN; WILL MAKE ACTIVE FIGHT

The Junior Order of United American Mechanics, of Southeastern Ohio has filed a petition with the Secretary of State and the Attorney General, preparatory to initiating a new law concerning the abolition of several sections in the general code pertaining to the school text books and substituting a measure requiring the legislature to create a State School Text Book Board, whose duties shall be to furnish free text books and supplies to every pupil in the public schools of the state, beginning August 1, 1917. This proposed legislation is one of the most highly endorsed measures ever advocated by the order, which has a large membership in the state.

Fifteen States Now Have Such a Law  
According to William West, of the local council, Portsmouth No. 38, which has championed this measure for several months, the order has advocated and aided in inculcating this law into the gen-

eral codes of fifteen states. It is now their intention to have Ohio adopt the free text book system, if possible. Provisions are made in the proposed legislation, that the money used in purchasing the supplies shall be appropriated from the general revenue fund of the state.

The filing of the petition with the Secretary of State by the local council, with the unanimous endorsement of the combined councils of Ohio, is the culmination of an effort on the part of the local order during the early fall months of 1914. The council passed resolutions asking the state officers to introduce a free text book bill into the legislature. For some reason, which the Portsmouth Council has never learned, the measure was never submitted.

Early last May, a district meeting was held at Cincinnati and several members from the Portsmouth camp attended. The delegates were C. R. Groninger and Irwin Bowser. They introduced the same resolution before the meeting and it was unanimously passed.

During the last session of the State Council, held at Tiffin, O., Mr. Bowser was instrumental in having the same measure adopted. But no disposition was shown to take the initiative in the matter.

**Free Text Books Association Formed**  
So the Ohio Junior Order of United American Mechanics Free Text Book Association was formed from the several councils located in the following counties: Scioto, Lawrence, Jackson, Pike, Adams, Brown and Hamilton.

This organization will promote a vigorous campaign in favor of their proposed legislation.

"Should the legislature not pass the bill," said Mr. West, "without amendment, we will carry it to the people in the November election of 1917."

The law proposed by initiative petition to be submitted to the General Assembly of the State of Ohio: "An act to provide for free text books and supplies for all pupils in the public schools of Ohio, and to create a state school text book board, and to repeal section 7709-7710-7711-7712-7713-7714-7715-7716-7717 of the General Code is intended to furnish free text books and supplies to all pupils in the public schools of the state. It is intended thereby to create a state school text book board, whose duty it shall be to secure from every publisher, one or more of whose books is used in any of the public schools of the state, and from other publishers prices at which they will furnish the books and supplies, beginning August 1, 1917.

It shall be left to the board to devise a system of ordering and delivering the books and supplies to the various boards of the state, and of paying the publishers therefor.

Shall Be Paid From General Revenue

It further provides that all expense of the board and the cost of the text books and supplies shall be paid out of the general revenue fund of the state.

At the regular meeting of the Portsmouth Council held Thursday evening, the following candidates were favorably balloted upon: Charles V. Hood, E. D. Rlevins, Jas. S. Kennedy, Frank Jones and R. C. Reno.

On April 7th, the lodge will entertain with an open house, at which every member is invited to attend. Prominent speakers will be provided for the occasion and a special musical program will be arranged.

## WILL VOTE ON BOND ISSUE

Electors of the Porter township school district which includes Sciotoville, the Hartley school, Wait school, Star Yard school and the Lakeside school, will on Saturday, March 18th, vote on a bond of issue of \$25,000 and if those favoring it carry the day, that bustling and rapidly expanding village will have a new \$25,000 school building.

Those favoring the proposition have been working faithfully and insist that the issue will carry,

there being very little opposition to it.

There are a few voters living near Wheelersburg who vote in the Sciotoville School District and they must cast their ballots in Sciotoville according to County Superintendent E. O. McCowen.

Thomas Adams, a mailcarrier, was detained from his work Wednesday by illness.

Mrs. H. G. Wise, of 335 Third street, left Thursday for Huntsville, Ala., being called there by the dangerous illness of her aunt, Mrs. Bessie White.

the church tonight at 7:30 o'clock. Young ladies of the Mission Sewing Circle are giving the banquet and expect the young men to turn out in large numbers. All young men of the church and their friends are invited. There will be a short program of music, songs and recitations.

Thursday afternoon the bankruptcy stock of Nick Aronoff was sold at public sale. Constable C. O. Davis had charge of the sale. Joe Fitch, well known Gallia street butcher, bought two sacks of what he thought was bran but which turned out to be sawdust. The appraisers, Wm. Carter, J. V. Thomas and O. D. Chinn, completed their work several days ago and did not open the sacks which they thought contained bran.

The social given at the Christian church on Ohio avenue, Thursday evening by members of Class No. 1, netted \$20 which will go into the church building fund. Work on the church will be resumed Monday.

Several big pumps are at work pumping water out of the small lake on the south side of Gallia pike, near the village garbage dump. A number of large fish are said to be in the water. This part of the lake is to be filled and graded.

Oscar Coburn, Sr., chairman of the street committee of council, notified street railway officials several days ago to have the dirt removed that was left on the lawns between the curb and sidewalk on Rhodes avenue and Gallia street, when new poles were put up for the trolley wire. The dirt has not been removed.

**HUSBAND SAVED  
HIS WIFE**

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas. — "After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-auster told my husband if he did not do something for me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go." — Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ill, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

**SOCIETY**

Mr. and Mrs. John E. Williams have returned from a short visit in Cincinnati.

Mr. and Mrs. Joseph Brown and children will go to Huntington Sunday to attend the wedding of Mrs. Brown's cousin, Mr. Louis Unger-Jeider, and Miss Anna Helderman, of Ashland, Ky., which will take place Sunday evening at half-after five o'clock at the Frederick Hotel, Huntington. The young couple will go to Wheeling, W. Va., to make their home, where the groom is manager of his brother's store. After spending a few days with her sister in Catlettsburg, Mr. and Mrs. Brown and children will return home.

Mr. and Mrs. W. H. Bart came home last night at the end of a few days' visit in Cincinnati.

Mrs. Thomas' Bible class of the Second Presbyterian Sunday school will meet this evening at the home of Mrs. John E. Williams, on Second street.

The Boomerang Club will meet Saturday afternoon at the home of Miss Mary Davidson, on Fourth street.

Among the many pretty affairs of the St. Patrick's day season, none were more delightful than the pretty party given at the home of Mrs. William Bradley, Sr., on Eleventh street, where a few friends spent an enjoyable afternoon and Mr. Bradley played appropriate airs on the violin. The decorations and favors in the green and white colors, could not be surpassed, and were appropriate to St. Patrick's day. A delicious lunch ended the afternoon's pleasures.

Those present were Mr. and Mrs. William Bradley, Jr., and daughter, Mary, Mrs. J. L. Gifford, Mrs. Alfred Rockhold, Mrs. Jack King, Mrs. Rodney Russell, Mrs. Ben Rhodes, Mrs. Mary Lash and mother, Mrs. S. E. Rockhold.

The M. C. A. Club held an interesting meeting yesterday evening at the home of Mrs. George Gilden, on Sixth street. At the end of the

**A GIRL'S COMPLEXION**

Very few girls get through their teens without eruptions or pimples showing on their faces.

These may be due to indigestion resulting from improper diet. If so they will quickly disappear when the proper food is adopted. If they are accompanied by pain and itching you must look to the condition of the blood.

Because these eruptions on the faces of school girls are so common they seldom receive the attention from parents that they require. When they indicate this blood or menia there is a ready remedy in Dr. Williams' Pink Pills. These pills, free from harmful drugs, are pretty sure to help growing girls because they build up the blood at a time when the demand on it is greatest. As the blood is made rich and red, the appetite becomes normal, lassitude gives way to vigor, the cheeks and lips show the glow of health and the whole system is toned. The nervous system is invigorated and with proper attention to diet many dangers are averted.

Your own druggist sells Dr. Williams' Pink Pills or they will be mailed, post-paid, on receipt of price, 50 cents per box, six boxes \$2.50, to the Dr. Williams' Medicine Co., Schenectady, N. Y. The pamphlet, "Building Up the Blood," is free on request.

**SWEETEN SOUR  
ACID STOMACH  
WITH MAGNESIA**

Spoonful of Bisurated Magnesia  
Cup of Hot Water Promptly  
Stops Pains of Acid Indigestion. Relief Comes in 5 Minutes

If things you eat don't agree with you and lie sour, gassy, bloating, and heavy in your stomach, you probably have what physicians call "hyperacidity." Your stomach is secreting too much acid causing discomfort which is commonly and mistakenly called indigestion. Avoid artificial digestants for these are apt to further weaken the stomach and cause serious intestinal trouble. Instead get from Fisher & Streich Pharmacy a few ounces of pure Bisurated Magnesia and take a teaspoonful in a quarter cup of hot water after each meal. Bisurated Magnesia can never hurt your stomach and is the best possible form of magnesia to take for the stomach for sweetening and neutralizing the stomach which cause distress.

"The City" Coming to The Lyric Next Week

New York Morning World—For the first time in many a day in New York, women in various parts of the house screamed in hysterical excitement—even the men gripped their seats in tense interest. Besides "The City," Henri Bernstein's vividly theatrical climax in "Israel" became not much more than a shadow. The shouts of the audience were the loudest and most prolonged that have been heard in a playhouse in a year.

N. Y. Tribune—An audience half wild with excitement roared its approval last night. The applause of hands was drowned in the tremendous cheering that swept the balcony. The audience exhausted itself with cheering. And the cheers were deserved. It seems tame to say merely that the play is strong, it is tremendous. If ever there was a powerful American play, firm and deft in construction, daring in plan, bold, convincing, worthy to stand with the best work of the modern dramatists of the Old World, this is that play.

Columbia Tonight and Saturday—Those Stirring Pictures of War Are Sensational.

All the terrible phases of aerial, trench and submarine warfare are to be realistically shown in stupendous battle views to be shown at the Columbia tonight and Saturday. Marvels of photography equal to actual trips to the war zones of Europe.

German war pictures have many distinctive and exclusive features, but the outstanding one is the amount of real fighting, as bloody as it is vivid, which unfolds itself throughout the whole of the picture. What really gives unequalled interest to this production, what places it far above all pictures of its kind, is not only the amount of real fighting, which, by the way, occupies more than three-quarters of the film, but that this production is a coherent story of a whole campaign. What really constitutes an unprecedented achievement is that a battle is

shown in all its incidents and that the episode that decided its issue is seen on the screen in all its reality. There are many exclusive and distinctive features in this production. The ingenuity employed in the various defenses are really wonderful, and the waste of life that the taking of these works must have caused reveals to us how costly modern operations must be.

The peaceful fields of Poland, where women replace the absent fighting men; pontoon bridge building from start to finish, the war industries of Germany in their feverish activity are but a few of the visual displays of absorbing interest in which this picture abounds and which cannot be seen elsewhere.

To sum up: Action, a real story, true fighting and a whole battle in progress and eventually decided are enough to confirm the claim that this is the best war picture that Portsmouth will ever see.

"The Call of the Cumberlands" With Dustin Farnum, Winifred Kingston and Myrtle Stedham, Coming Next Week to The Lyric Theatre

Among the greatest picture productions of the present season, there is one that stands out in a class of its own, "The Call of the Cumberlands," produced in five parts by the Pallas Pictures Co., for the Paramount Program. Thousands of people who have read the book by

Charles Neville Buck will welcome a chance to see this story of red-blooded action and charming romance in pictures—pictures that are superbly produced and finely acted.

Dustin Farnum, the idol of a million photo-play fans, faces a perplexing situation in "The Call of the Cumberlands." Suddenly thrust into a new world, a world of which he had only dreamed, "Samson South" accepts the opportunity to adopt refinement, to the relegation of his backwoods ways, with a broad grasp of the situation and an appreciation of the amusement, as well as the artistic value of the perplexities with which he finds himself surrounded. Photo-play fans will sympathize with the high-hearted mountaineer, whose sense of justice and right makes him leader, in his awkwardness, and will rejoice with him in his mastery of complexities.

A scene that stands out as one of artistic merit and pictorial worth in "The Call of the Cumberlands," shows the studio of a New York artist who has induced the young mountaineer to go to the city to work out a God-given talent as a painter. The setting itself represents the combined skill of architects, interior decorators, scenic artists and other talents studio in Los Angeles. The appearance in attractive poses of several beautiful young women, their graceful bodies draped with the flowing folds of rich silks, is a strong appeal to the artistic sense. The picture is replete with action that carries us from rugged mountain life to realms of social splendor.

German War Pictures Columbia Tonight and Tomorrow

Six thousand feet of pictures of the awful war now raging in Europe will be shown at the Columbia tonight and tomorrow.

These pictures were taken by the American Correspondent Film company for the Cleveland Plain Dealer, one of the largest and most reputable newspapers in Ohio, and they bear the endorsement of the German government as being authentic and true pictures, taken from the German side of the great European war. Read what the Buffalo Times says about these pictures:

German war pictures continue to lure hundreds into the Teck theatre at every performance. From 11 a. m. to 11 p. m. the playhouse is crammed with men, women and children eager to see how the strife is really being carried on by the warring nations across the seas. Throughout the display of war events spectators sit astounded as bombardment after bombardment is carried out with awful deliberation.

Buffalo has seen several collections of war pictures, but none of the realism of the German war pictures, which were registered by three daring camera men who mingled with the fighters that they might obtain a pictorialization of the real happenings at close range.

"The films, to be shown the rest of the week, begin with giving insight into the quiet life of the nations now involved before the war started. Then the spectator is quickly transported to the battlefields where Zeppelins are dodging, dipping and gliding through the murky air and heavy siege guns are being placed.

"Perhaps the biggest feature of the pictures is the portrayal of the fall of Warsaw, which gives the events of an entire battle from start to finish. Giant howitzers are surveyed being emptied now and then the atmosphere clears to show the war gods at their worst. Thrills mass on thrills until the climax moment when the assailants are seen fleeing after reinforcements have joined the defenders. All in all, this section of the offering is beyond comprehension. Verily, it is history emplaced upon a motion picture screen. Half a century from now progeny will be able to view the fall of Warsaw.

"The German war pictures also gives a vivid showing of the effects of war, its pathos and cruelties. Some splendid scenes are also flashed of trench life and the happy moments of the brave heroes. The German war pictures are on exhibition every day at the Teck from 11 a. m. to 11 p. m."

"The Strange Case of Mary Page" at the Exhibit Tonight. Mary Page is on trial for her life charged with murdering the man

she hated. He was slain with her revolver while she was struggling to free herself from the drunken beast. She does not remember whether she pulled the trigger that sent the bullet crashing into his heart.

Witnesses tell of the murder and of weird events leading up to it. They explain the mysterious disappearance of Mary after the tragedy, a tale almost unbelievable except to students of psychology. Then the prosecution plays its ace. Mary's maid describes a thrilling scene which indicates that the murder was premeditated by Mary. Any plea of insanity seems futile. Mary is caught. Only Philip Langdon, her sweetheart and attorney, believes her innocent. Mary, herself, is almost convinced of her own guilt.

"Via Wireless," a Gold Rooster play in five parts, is Saturday's feature.

"Vanity, Thy Name Is" At The Arcana Tonight

Harry and Jane are happily married, but Harry is worried over his wife's extravagance. He says nothing until one day he finds himself admiring new gowns and hats. He quarrels about her extravagance and she goes home to mother. The mother understands the situation and plans a reconciliation. She tells Harry he must leave his wife for a week. Harry returns home. Life is made uncomfortable for Jane, and, repentant, she returns to her husband. "Uncle Sam at Work" is a Powers educational showing. "How Uncle Sam Protects His Ships," "Elviers Famous Cheese Pound" is a Nestor comedy.

Herbert Rawlinson in "The Reward of Chivalry," at the Strand Tonight.

"The Reward of Chivalry" Gold Seal three-reel drama features the Universal star, Herbert Rawlinson, in a vital photo play of the practices of corrupt politicians in a middle western city. The struggle between an honest newspaper and powerful influences for greed are graphically depicted.

The cast includes Jean Taylor,

Alfred Allen, Scott Leslie and Mrs. Kraft. The comedy feature for tonight is a Nestor production called "Mingling Spirits" and it put on by that bunch of fun makers that never fail to please.

Special Pictures For The Children Every Saturday Morning at The Columbia

On last Saturday morning at the Columbia Theatre a specially selected program for children was shown, and good crowds attended the three morning shows. Tomorrow's program consists of one reel of animal and bird pictures, one reel of good clean comedy and one reel of travel and scenic pictures with comedy cartoons.

It is the policy of the Columbia management to offer this special children's program every Saturday morning starting promptly at 9 o'clock at an admission of 5 cents, and Manager Tynes would like many of the grown people, especially mothers, to come and see these entertaining and instructive pictures, and to have them make any suggestions they may wish concerning this children's program.

Send the children to the Columbia on Saturday mornings and we will promise that they will be well taken care of.

"The Morning After" at the Majestic Tonight

"The Morning After" is a three part Knickerbocker drama. Henry Pike expects a visit from Bill Lane, bachelor friend. Mrs. Lane and brother go to a cabaret for supper. Pike goes to the club and on leaving spies a man who owes him money. He follows him to the cabaret where he "duns" him for the amount. The man goes for a bank check but does not return. Mrs. Lane's brother recognized the man as one who owed him money and he went out after him, the two having a fight and landing in the police station leaving Pike and Mrs. Lane in an awful fix in the cabaret. "Dreamy Dud

Up in the Air" is an Essanay comedy.

"Fifty-Fifty" At The Temple Tonight

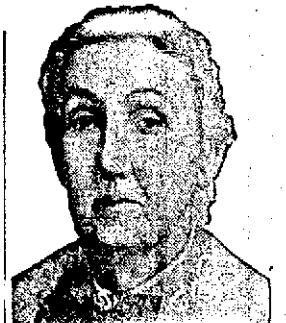

This is a three-part feature. To prove he is master of his home, Mr. Blake invites Jack Collins to his house, where he proceeds to humiliate his wife. Mrs. Blake plans revenge and by a clever scheme, in which Collins aids, her husband is made to believe he has married another woman when intoxicated. He pays his wife \$10,000 "hush money." The neglected wife blossoms forth in many new gowns. Blake finally discovers his mistake. "The Price of Pies" is an exciting Tablin comedy.

## Splendid Laxative For Elderly People

Has Been Prescribed by Well Known Physician for Many Years.

MRS. RACHAEL ALLEN

The infirmities of age are especially manifest in a tendency to constipation, and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the relief they offer is only temporary and is usually more than offset by disturbance to the vital organs caused by their violent action.

Nearly thirty years ago Dr. W. B. Caldwell, Monticello, Ill., prescribed a compound of simple laxative herbs that has since become the standard household remedy in thousands of homes. It acts easily and gently, yet with positive effect, without griping or other pain or discomfort. Mrs. Rachael Allen, Galesburg, Kans., is seventy-one years old, and after using a bottle of Dr. Caldwell's Syrup Pepsin, wrote that it had

## Rengo Belt

Reducing Corsets

Have No Appearance of Heaviness in the Full Figure

The same lines—the same mould—the same smooth fitting over abdomen and hips—the same waist line—exactly the same model of proportion as in the regular average figure—is the result obtained when medium heavy and full figures wear Rengo Belt Reducing Corsets. And the garments will remain just as you buy them—they have the strength and scientific tailoring to mould your figure and not be moulded out of shape by wearing strain.

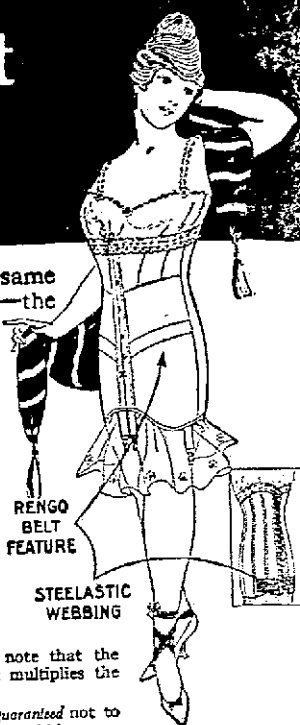

The principal reason for this great supporting strength is in the Rengo Belt tailored-in feature, now made famous by eight years of success. If this principle were not scientifically correct for stout and medium figures, Rengo Belt corsets would cease to exist, for it is the foundation of every garment of every model. Please note that the Rengo Belt adds no material weight or bulk, but multiplies the strength many times.

Boned throughout with double watch-spring steels—guaranteed not to rust. There are models with and without "Steelastic" webbing.

## Christ, The Living Water

Bigelow revival grows in interest and power nightly. Focusing the attention of the church for an extended period on the realities of the gospel, is most certain to bring a deepened sense of conviction and faith. This is the real mission of the church. Dr. Chandler has no sympathy with the diverting of the activities of the church away from the central purpose. Last night he spoke on the text, "If thou knewest the gift of God that says to thee give me to drink." "The woman at the well did not recognize the Christ who spoke to her. Today he is present but unknown to thousands. The problem of those who know the Christ is to make Him known to those who are unconscious of his presence. If the church hesitates to perform this holy task it becomes dead spiritually. The Christ is continually misunderstood. If humanity could realize clearly what He had to give, acceptance of Him as a personal savior would speedily follow. "Give me to drink." He says to all. Give all to Christ that He through us may be revealed to the world. The Christianization of the thought of this world is dependent upon our willingness to be "relayed in the hands of the potter." Services each evening at 7:30. These meetings are for you.

## Columbus People Advise Best Way To Treat Cold Troubles

Keep Plenty of Fresh Air in the Bedroom, and Apply a Good Application of Vick's Vap-O-Rub Salve, Covering With a Warm Flannel Cloth.

The Medication Is Absorbed Through the Skin, and Inhaled as a Vapor.

It is no longer necessary to dose with nauseous drugs to relieve colds and coughs. Columbus people proved this some winters ago when Vick's Vap-O-Rub Salve was first introduced from the South. The Columbus druggists presented complimentary jars to a few of their customers and requested that they report the results. Below are some of these reports.

Mrs. F. B. Hinds, 801 Bellows Ave.—"We have used your Vick's Vap-O-Rub on our baby, and we can recommend it to anyone, as it saved our child from a bad case of pneumonia."

Mrs. M. E. Koch, 848 Scott St.—"We have a baby five months old that had pneumonia in its worst stage. We had a very good doctor, but it was a very stubborn case, so we tried Vick's Vap-O-Rub, presented us by our druggist, John F. Marx, and as a change in a short while, now we keep it in the house all the time and I feel that I can not speak too highly of your remedy."

Mrs. John Stichel, 926 S. Third St.—"Will say in regard to Vick's Vap-O-Rub Salve that I have never seen its equal. We have given it a thorough trial for colds, sore throat, headache and burns, and it proves to do just what you claim. Our little girl now runs for the box of Vick's for everything, and say 'Mamma, will this salve help this burn, or cut, or whatever it happens to be?'"

Vick's Vap-O-Rub is really a vapor lamp in salve form. When applied over the throat and chest the body heat vaporizes the ingredients, and at the same time Vick's is absorbed through and stimulates the skin. You will find this preparation superior to internal medicines for all forms of cold troubles, from head colds, asthma or catarrh, down to deep chest colds, sore throat, bronchitis, croup, or in cipient pneumonia.

Vick's Vap-O-Rub comes in three sizes, 25c, 50c or \$1.00, at all druggists.

## Replies Filed

Replies in the cases of The Hooking Mining Company, The Standard Supply Company and The Universal Motor Company represented by Lafayette Taylor against the Reinhardt and Dennis Company were filed in the court of common pleas Friday.

According to the suits filed by the three companies, allegations are made that checks were executed by the defendant and delivered for payment of goods and were returned by the bank upon which they were drawn.

Attorney Will J. Meyer represents the defendant.

The following from the Illinois State Journal of Springfield, Ill., is of interest here as Claude Riedel until recently was located here.

"Claude Riedel, a quality man at the local shoe factory, has been ill at St. John's hospital from pleurisy and throat trouble, pneumonia fever for two weeks, has left that institution, but is under the care of a physician. His condition, who came to St. John's from Peoria, Ill., to accept a position at the International Shoe Company, will be able to return to his home in Peoria."

Mrs. E. C. Brady, who has been sick for some time, has been released from her home, 224 1/2 S. Third, to the home of her mother, Mrs. Herbert Leachman, 101 S. Third.

It is reported that the police are looking for a man who was seen in the city with a gun.

## Alleges Buyer Had No Money With Which To Cover Checks

John A. Burns was arraigned before Judge J. W. Byron, Friday, on a charge preferred indirectly by street piano dealer, of obtaining a piano under false pretenses, and was bound over to the grand jury in the sum of \$200. Being in default, he was committed to the county jail and will be given a hearing Saturday morning.

Burns, according to the information received by the court, purchased a fine piano from Floyd Stearnes, representing that he had over \$2,000 on deposit in a Louisville, Ky., bank. Afterwards it was found that Burns was not even known to the officials, it is alleged. An affidavit was filed and Capt. Rome Walker placed him under arrest.

Squire Byron stated Friday that he understood that Burns had been purchasing real estate and merchandise under the same conditions for several days.

## Mr. York Better

Mr. L. D. York, who for ten days was quite ill in Los Angeles, Cal., where he and Mrs. York are visiting relatives and friends, is much improved. He has decided to remain there indefinitely.

Will Entertain

Rev. John Irwin will entertain the Sewing Circle next Thursday evening at Allen Chapel.

## WILL ENJOY DINNER

Mr. and Mrs. Jesse Barber of 1316 Union street and son, Dudley Albert Barber, the first baby born in Portsmouth in the year of 1916 and Mrs. William James will be the guests of honor at a dinner party that Manager A. S. Turner of the Turner Hotel on Third St., has arranged for them Saturday at 12 o'clock. Mr. Turner will after dinner take his guests for an automobile ride over the city, and Dudley Albert, no doubt, like the other guests, will thoroughly enjoy Mr. Turner's hospitality.

## THEATRICAL

### "What Happened To Mary"

"What Happened to Mary," a new play in four acts, by Owen Davis, suggested by the "Mary" stories in "The Ladies World," was produced last season at The Fulton Theatre, New York City, where it enjoyed a prosperous run and was equally successful at the Majestic Theatre, Boston, will be presented at the Sun Monday, Tuesday and Wednesday of next week, with Tuesday matinee.

"What Happened to Mary" is described as an old-fashioned love story and is classed with much success as "The Old Homestead," "Way Down East" and "Shore Acres."

The characters in "What Happened to Mary" are all human. Its heart interest is genuine and its healthiness of motive is untainted. Nothing more is needed to establish it firmly as a worthy contribution to the stage. Seat sale Saturday, at 10 a. m.

### Ready For Villa

John F. Flannigan, coal dealer, has just traded a team of horses for a spirited saddle horse and is ready to join in the chase after Villa should Uncle Sam wish to avail himself of his services.

### Indoor Life Makes Fat

Take Oil of Korein to Keep Weight Down, or to Reduce Superfluous Fat

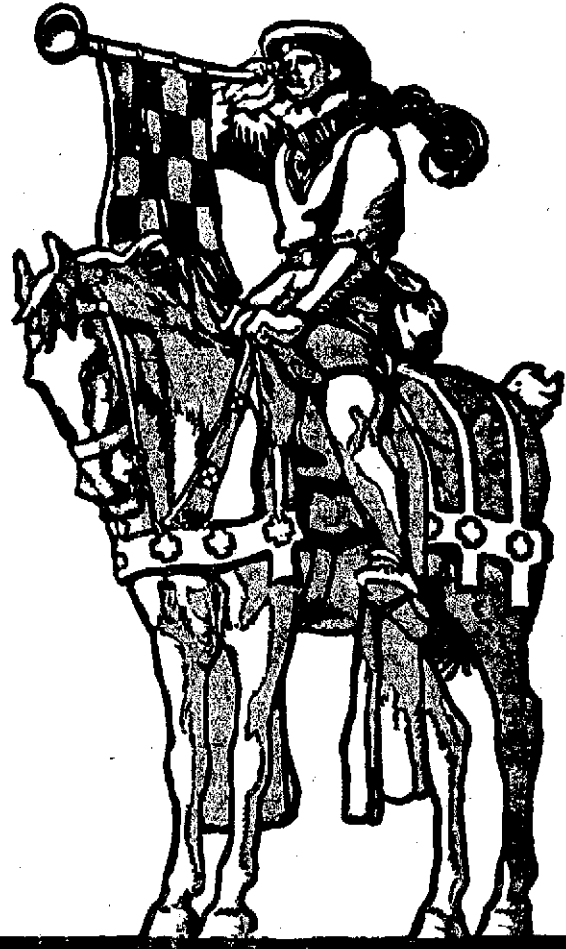

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air weakens the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any person who is satisfied in their own mind that they are too stout should go to a good druggist and get a box of Oil of Korein capsules, and take one after each meal and one just before retiring at night.

Even a few days treatment should show a noticeable reduction in weight, digestion should improve, energy return, footsteps become lighter, and the skin less flabby in appearance.

Oil of Korein is inexpensive, cannot injure, helps the digestion and is designed to increase the oxygen-carrying power of the blood. Any person who wants to reduce their weight 15 or 20 pounds should give this treatment a trial. There is nothing better.

### LEGAL NOTICE

Probate Court, Scioto County, Ohio: James W. Gee, Administrator of the Estate of David Evans, Deceased.

John Evans, et al. James Evans, Janetta Stephens, whose residences are unknown, will take notice that James W. Gee, Administrator of the Estate of David Evans, Deceased, on the 12th day of February, 1916, filed his

petition in the Probate Court of Scioto County, Ohio, alleging that the personal estate of the said deceased was insufficient to pay his debt and the charges of the administration of his estate; that he died seized in fee simple of the following described real estate:

FIRST TRACT: Being part of Survey No. 1512 of the Virginia Military District, situated in Nile Township, Scioto County, Ohio, and containing about thirty acres, more or less. For more particular description reference is had to Volume 4, Page 46, Scioto County, Ohio, Records of Deeds.

SECOND TRACT: Situated in Nile Township, Scioto County, Ohio, and being part of Ohio State University Lot Number Four, containing thirty-seven and one-third acres, more or less. For more particular description reference is hereby made to Volume 5, Page 59, Scioto County, Ohio, Records of Deeds.

THIRD TRACT: Situated in Nile Township, Scioto County, Ohio, and being part of Ohio State University Lot Number Eight, containing forty-three acres, more or less. For more particular description reference is had to Volume 13, Page 22, Scioto County, Ohio, Records of Deeds.

The prayer of the petition is that the property be sold to pay the debts and charges thereon. James Evans and Janetta Stephens are hereby notified that they have been made parties defendant to said petition, and that they are required to answer the same on or before the Fifteenth day of April, 1916.

JAMES W. GEE, Administrator. Frank W. Moulton, Attorney.

### ORDINANCE

Number 224. To issue bonds of the City of Portsmouth, State of Ohio, in the sum of Thirty Thousand (\$30,000.00) Dollars for the purpose of providing funds for erecting build-

ings necessary for a Fire Department and purchasing Fire Engines for the Fire Department of the City of Portsmouth, State of Ohio.

BE IT ORDAINED by the Council of the City of Portsmouth, State of Ohio, as follows:

SECTION 1. That it is deemed necessary by the Council of the City of Portsmouth, State of Ohio, to issue the bonds of said City in the sum of Thirty Thousand (\$30,000.00) Dollars for the purpose of providing funds for erecting buildings necessary for a Fire Department and purchasing Fire Engines, for the Fire Department of the City of Portsmouth, State of Ohio, and for no other purpose whatsoever. And the premium and accrued interest received from such sale shall be transferred to the Treasurer of the City of Portsmouth, State of Ohio, as follows:

SECTION 2. That the proceeds from the sale of said bonds, except the premium and accrued interest thereon, shall be placed in the City Treasury to the credit of the Fire Department Building and Equipment Fund and shall be disbursed upon proper vouchers for the purpose of paying the cost and expense of erecting buildings necessary for a Fire Department and purchasing Fire Engines, for the Fire Department of the City of Portsmouth, State of Ohio, and for no other purpose whatsoever. And the premium and accrued interest received from such sale shall be transferred to the Treasurer of the City of Portsmouth, State of Ohio, as follows:

SECTION 3. That there be and hereby is levied annually until the redemption of the bonds described herein, upon the taxable property in the City of Portsmouth, a sum sufficient to pay the interest and sinking fund charges on the above described indebtedness, such levies to be made at the times provided by law for the levying of taxes for municipal purposes.

SECTION 4. This Ordinance shall take effect and be in force from and after the earliest period allowed by law. J. W. Flood, President.

Passed March 8, 1916. LOUIS A. SUCKER, Clerk.

Could Hardly Walk
From Berger, Missouri word comes from Mrs. Lizzie Groeber. She says: "I had always been very healthy until my seventh child was born. When my baby was six weeks old, I could hardly walk. I suffered a dizziness in my head when I would stand on my feet just as if I would faint away. I used CARDUI, CAMOESIC and BLACK-DRAUGHT and... have never had any symptoms of it again. I certainly will praise CARDUI... for I surely think it saved my life. There are thousands of weak, worn-out women in this country who could be helped like Mrs. Groeber, with CARDUI. Why don't you try it for your case?"

Obituary  
Rollie Hart was born March 5, 1902, in Carter county, Ky., and died March 14, 1916, at his home on East Grace street, New Boston, being fourteen years and nine days old at the time he was called to the Great Beyond. He leaves to mourn his death his parents, James and Anna Hart, one sister, Mrs. Ocie Fields, of Scotoville, one brother, Alva Hart, of Hetherton, Mich.; uncles, William Crawford, 1226 Twelfth street, John Hart, of Subina, O.; George Hart, of Idaho, Pike county; W. Hart, of Germany, Pike county; aunts, Mrs. Mary Henderson, 1223 Twelfth street, Mrs. R. E. Vance, of Martin, Ky., Mrs. Dollie Jordan, of Smith Creek, Ky.; Phoebe McGlone, of Hetherton, Mich., and Mrs. Pete Shaffer, of this city.

He was regular attendant of the New Boston Christian Sunday school and a faithful scholar.

A precious one from us has gone. A voice we loved is stilled; A place is vacant in our home, Which never can be filled.

All who knew him loved him. Because of his good ways he made many friends. He is gone forever, but God knows best.

The funeral was held Friday afternoon from the New Boston Christian church, with J. C. Harris in charge. Interment was made in Greenlawn.

Mrs. Mary McDermott  
Adam J. Kreckel, of No. 815 Findlay street, a roller at the Whitaker-Glessner Company's plant, and wife were called to Wheeling, W. Va., Friday, by the death of the former's sister, Mrs. Mary McDermott, aged 32 years. Mrs. McDermott had been suffering for the past six months with heart trouble. Mr. Kreckel visited at her bedside a week ago. She was the wife of Charles McDermott, a Wheeling commission merchant. They had no children. The funeral will take place Sunday.

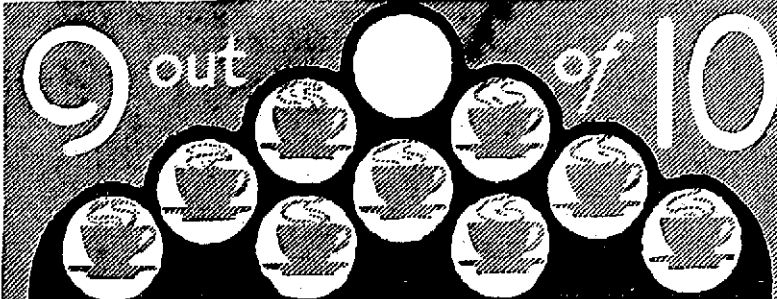

Miss Lelia Gilkinson.  
Miss Lelia Gilkinson, aged 17, daughter of Reuben Gilkinson of 118 Court street and the late Mrs. Ida Gilkinson, died at her home on Court street at 3 o'clock this morning. She had been ill for some time with complications. She was a bright and lovable young girl and will be missed. Besides her father she leaves one brother, Wiley Wilkenson. The body Sunday will be taken to Quincy, Ky., for interment.

Lorenzo C. Lucas.  
Lorenzo C. Lucas, aged 81, a veteran of the Civil war, passed away Thursday evening at 10 o'clock, death taking place on a boat moored in the Ohio river at the foot of Court street. Mr. Lucas' death resulted from pneumonia and followed a short illness. The body has been moved to the Pfeiffer mortuary and the funeral services will be conducted there Saturday afternoon.

# VICTORY AT POLLS IS PREDICTED BY LEADERS OF G. O. P. AT SPLENDID JACKSON BANQUET

## "Get-To-Gether" Is Keynote of Talks; Local Republicans Help Make Success

Kinging with prophecies of a special train which the Portsmouth Republicans chartered, for the Republican party in the November election, and fraught with the perplexing economic problems facing the United States today, the distinguished speakers at the big Jackson "Get Together" Republican banquet Thursday night, held the attention of the seven hundred Republicans who gathered to show their loyalty to the party of their faith.

Bursts of applause greeted the attacks of the speakers on the Democratic administration and resounding cheers were given when predictions were made of victory at the coming election.

Of the seven hundred at the banquet, one hundred and eleven were from Portsmouth, twenty-six from South Webster and forty-six from Oak Hill. In all, the

## PORTSMOUTH CROWD 111 STRONG TAKES JACKSON BY STORM; HAD A FINE TRIP

The trip of the Portsmouth contingent to Jackson was a splendid success. With fluttering white ribbons pinned on the lapels of over one hundred and eleven Republicans, headed by the creek River City Band, left the Republican Club, Gallia street, at four o'clock Thursday afternoon and marched around the Gallia esplanade, while Roy Compton took motion pictures. These will be shown at the Columbia theatre in the near future. The delegation was a splendid tribute to Progressive Portsmouth and upheld the reputation of Portsmouth as a city that does things right. The Portsmouth crowd was fairly stormed Jackson and were praised by all, from the Governor down.

Pulse quickened and enthusiasm ran high when the Portsmouth delegation marched on Gallia street. Cheers greeted the party from all sides. "This reminds me of old times," said John P. Eckhart, "when political parades were frequent. It is the same old spirit manifesting itself."

The party entrained at the Norfolk and Western depot at four-thirty o'clock, a jolly, happy, care-free bunch ready for a good time. No sooner had the train left the depot than the River City Band started a stirring Southern melody that brought the occupants of four coaches to their feet.

### No Criticism Could Be Offered

Yes, the Frank Stanton minstrel was a glorious success. There wasn't any. The coaches were too crowded. But the Yaller Diggers initiated thirty candidates in the baggage car.

Within a short time, the train stopped at Sciotoville, where Nate Hillman gave a short address. He urged all new comers to hurry, as Henry Becker was going to swallow the sword. No one dared to board the train, so the conductor gave the signal to move on.

At South Webster, twenty-six enthusiastic citizens joined the Portsmouth party and partook of the merrymaking. At Oak Hill forty-six live Republicans came pouring into the coaches, filling them to the brim.

The special came to a halt at Jackson at 6:10 and the reception committee, composed of Mark Stenberger, Judge Frank Delany, Ira A. Stenberger, John J. Mehe, those that the European war leaves in its bloody wake when it is ended. They will be industrial and economic questions, affecting our relations with the nations now at war and with those other nations to which our trade has been diverted since the beginning of the conflict.

After saying the Republican party is the one to meet these questions, Governor Willis turned to state affairs, and referring to the candidacy of Ex-Governor Cox, said in part:

"Governor Cox, however, evidently thought that something should be added to the prominence of his manager and he has made statement to the public that, to say the least, illuminating and remarkable. If his own newspapers quote him correctly, this is what he said at the London banquet last week: 'My personal inclination is to remain in private life. There is no more honor in

## G. O. P. Leaders Send Greetings To Scioto County Republicans

### To the Citizens of Scioto Co.:

"The party in Ohio is sincerely reunited. The Republicans will carry Ohio by over 100,000. The campaign will be contested on industrial questions. War questions will not be fought over. The voters of Ohio and the country propose to see that our business affairs are cleaned up and the Democratic administration at Washington is cleaned out."

Harry M. Daugherty.

### To the People of Scioto Co.:

"This banquet is a hummer. Republicans and Progressives united. The President and Bryan are fighting each other. In Columbus last night (Wednesday) Senator Pomerene and Senator Pittman denounced Mr. Bryan. Republicans will sweep the country in November."

Gov. Frank B. Willis.

### The Republican Club of Portsmouth:

"The Portsmouth Republican Club invaded Jackson tonight and have conquered. No more division of party and all is tranquil. This fall's election will find Republicans in nation, state and county triumphant, especially in Scioto. Accept my sincere congratulations."

Robert M. Switzer.

March 17, 1916.

### To the People of Scioto Co.:

"In celebration of this, my birthday, I send you greetings. The wonderful banquet at Jackson last evening is simply an index of splendid enthusiasm throughout the community."

"We will win this year in state and nation because we deserve to win."

D. D. Woodmansee.

### To Scioto Co. Republicans:

"I send you greetings upon the organization of your Republican club; and suggest as a motto: 'Looking Forward not Backward.' Drop all dissensions in loyalty to your flag. Place your country above party for by so doing your party will return to power. The people have confidence in the Republican party and need it now more than any time since the Civil war."

Myron T. Herrick.

### Synopsis of Governor's Speech

claimed that the land owners of America would have to be united to protect their interests.

After invocation given by Rev. Edwin J. Lewis, chairman Judge H. C. Miller introduced Hon. Edwin Jones, chairman of the Republican State Executive Committee as master of ceremonies.

#### Hon. Edwin Jones Makes Address

In part Mr. Jones said: "It is timely, and quite appropriate that we gather on this occasion. Three years ago we were a divided party, we had our misunderstandings, which resulted in placing state and governmental affairs in the hands of the Democratic party."

"Men live and die, but great fundamental principles such as protection will live until there is a complete revolution in economic and social conditions of our country, or until we have practically exhausted our great national resources."

The speaker paid high tribute to the present state administration and said that Governor Frank B. Willis would lead the Republican party in the fight which would be held this fall.

#### Candidates Tell What They Favor

Hon. R. M. Switzer, Hon. Harry M. Daugherty, Hon. Myron T. Herrick and Judge D. D. Woodmansee followed, and each were received with hearty applause. Weighty economic problems that remain to be solved by the nation were discussed. They all mentioned the European war and discussed its effect upon this country. Hon. Harry M. Daugherty urged the necessity of protection for American industries. Hon. R. M. Switzer discussed the Underwood tariff. Hon. Myron T. Herrick favored a merchant marine and a rural credits bill. Judge Woodmansee said he favored a nine foot stage in the Ohio river and a strong merchant marine.

party leaders who cannot keep up with the procession in the zig-zag course of the chief executive. President Wilson was elected on a platform that specially pledged him and his party to the free passage of American ships through the Panama Canal. In his campaign for election he declared that this plank was "not molasses to catch flies", but that it meant what it said. After leading his party to victory, he faced right about and opposed free tolls with such startling rapidity that Speaker Clark and other distinguished leaders were unable to get into position under the new alignment, but, all the same, the president rode rough-shod over the Democrats who did not readjust themselves to this "flap."

"He introduced the 'Watching and waiting policy' in dealing with Mexico, in the face of Democratic protests from the sunny Southland. We 'watched and waited' till American homes were burned, American soldiers slain and American citizens murdered on American soil by cowardly Mexican bandits. He solemnly warned Americans to keep out of Mexico."

"President Wilson, he it remembered, has changed his policy in his dealings with Villa. Not long ago the president was tacitly encouraging that chieftain and opening up the way to supply his motley crew of bandits with the munitions of war at this very moment being used against us. Now we are told that he will hunt down this same bandit chieftain and bring him back dead or alive, at some future time. Of one thing the president may rest assured. In the hunting down of this bloody bandit chieftain, who formerly enjoyed his favor and obtained from this country with presidential approval beautiful supplies of ammunition now being used to kill American soldiers, the president will have the support of the entire country and the sooner he gets Villa, the better."

"Our most serious concern at this time, however, should not be the danger that threatens us from the European war or the bandit chieftain of Mexico. The former will run its tragic course and like all things, it only will have an end. General Panama, in spite of waiting and irresolution and hickering in Washington, will in time

## RING GLADIATORS ARE DOWN TO HARD WORK

New York, March 17.—In a driving snow storm, over frozen and slippery roads, both Jess Willard and Frank Moran did some hard road work this morning in preparation for their bout.

The big champion fought about four miles through Central Park and along nearby thoroughfares, while Moran's five-mile run was cross-country near his Westchester training quarters. Neither was sorry when the outdoor work had been completed.

Willard went through his regular afternoon stunts in the West Side club house, showing plenty of vim and speed in shadow boxing, tumbling on the mat and working the putters. Then he took on his three sparring partners for two rounds each, and followed with a four-minute wrestling bout with Houssane, the Turk. The medicine ball, which was thrown vigorously by himself and two of his attendants, wound up the most strenuous day of his training.

Moran showed much agility in bag punching and rope skipping as well as in all his gymnastic work. Trainer Willard kept Moran's boxing down to four rounds today. He had two hard three minute sessions with Bartley Madden and Bill McKinnon and finished up with two fast rounds in which there were some heavy exchanges between the Pittsburgher and Frank Kendall of Portland, Ore., the heaviest of Moran's three sparring partners.

#### "OLD KENTUCKY"

No Other Tobacco Has a Flavor That Gives Them So Much Enjoyment

SWEET, FRUITY, SATISFYING

If you should visit the great tobacco-growing, tobacco-manufacturing centers, you would find that the men who are the best judges of tobacco in all its forms *chew* Old Kentucky.

Old Kentucky gives you the full benefit of the natural juice of the leaf—and the juice contains all the flavor and all the wholesome, satisfying elements which make it so valuable as well as enjoyable.

Old Kentucky is chewed by more tobacco experts than any other brand. Its sweet, mellow flavor pleases them, and they know that it is made of choice, selected, ripe Burley leaf, in a clean, sanitary factory.

A top piece of Old Kentucky is fresh and delicious. You'll say you never tasted its equal, and the more you chew it the better you'll like it. Get it from your dealer.

## Chicago Teams To Go After Leaders

Toledo, March 17.—Seventeen of Chicago's strongest clubs will enter tonight to capture the colors of the Night of Columbus, who this morning topped the five-man event of the American Bowling Congress tournament with their 2502.

Hardly second in interest to the team work will be the play in the doubles and singles, the New Haven players being expected to show some tall scores in both the doubles and singles.

Christie Thies of Cleveland, rolling under the handicap of having a brand new ball, was the star of the day with his 672 that ran him fifth for the title. The 5-10 split in the ninth frame cost him his chance to pass Ben Huesman, of Cincinnati and Frank Shaw, of Chicago, who are tied for the lead with 653.

The final shift of the five-man teams last night did not show much, although four clubs rolled over 2500. The leaders were the Vermonts, of Chicago, who got 2516, the Gunds of Cleveland being next

# PEERLESS MERCHANTS HOLD SPRING OPENINGS

## Everybody Invited To See The Displays; 'Bargains' Saturday

The show windows of the Portsmouth stores are a veritable fairyland, displaying fashion's latest decrees. The merchants of the city have surely arranged an elaborate array of spring goods for their patrons, for the window displays are more elaborate, more artistic, more beautiful than ever before. The striking beauties of the exhibits are wonderful, and Billy Butt In has sent ideal weather for the occasion.

Filmy afternoon and evening creations for the women with the daintiest of hoods and leather pocketbooks feature some of the displays. Staple, neatly patterned suits and coats of moderate colors are the bulwark of other exhibits.

Some of the most artistic hoods and shoes from "Milady's" slipper to the heaviest of heavy men's shoes are displayed.

### Beautiful Showings In Jewelry Stores

Gleaming silverware fresh from the "melting pot" of the silver-smith's nestling in snow white beds of satin. Sparkling diamonds of the purest rays clasped in circlets of gold. Dainty hand-painted china and sterling dressing sets form the principal displays of the jewelry stores.

Highly polished dining room sets of unique designs, ranging from the Louis XV period up to the modern day creations. Well-appointed bed rooms with brass beds and huge leather chairs with cozy reading lamps with art glass shades and rugs and carpets of the most intricate designs are to be seen in the furniture store displays.

### Violent Cathartics Injure Health

Side step purgatives—their harsh action is liable to injure the bowels. Why not use CARTER'S LITTLE LIVER PILLS—a purely vegetable remedy that has been successfully used by millions for half a century. Acts gently but surely and not only quickly relieves but forever cures the misery of constipation. Use them for dizziness, indigestion, sick headache and all liver troubles. Small Pill, Small Dose, Small Price. The GENUINE must bear signature.

*Heartwood*

Those soft woollens, admixtures of grays, browns and blues predominate in the men's clothing. Alpine felt, leghorn and panama hats will be the snappy styles of hats to be worn by the men for spring, according to the decrees of fashion. Those cool Palm Beaches, of silk-linen, of many varieties of light colors seem to be again popular for they occupy places of prominence in the displays. Shirts fancy and solid colors with French cuffs are the very latest, and the neckwear range from simple white to all the hues of the rainbow.

Merchants Have Made Big Effort  
The merchants of Portsmouth have made an extra effort this year to make their annual spring opening one of the biggest successes in the mercantile history of the city. It is an extraordinary year. The markets in New York are crowded with buyers from all sections of the United States. Imported merchandise are sold in small quantities at almost prohibitive prices. But the American manufacturer showed the genius of the race by supplanting the imported market with "Made in America" goods. The contrast between the displays of last year and this year is surprising and pleasing.

Not only have the stores of the city spent considerable time in planning and building the window displays, but each and every department has been enhanced by quaint and neat decorations. Every department is interesting from the beginning to the end.

Another feature about this year's spring opening is that no two stores in the city have decorated their places in similar style. A wealth of ideas, a vast stock of goods, and each department featured with some particular line of goods have made this year's opening a great success.

Courteous clerks assisted the shoppers about the stores, explaining the difference in the styles for early spring. Every convenience was provided by the hospitable merchants for the accommodation of the guests.

The crowds began to visit the stores early Friday and the clerks were kept busy explaining the different displays. Interested shoppers from the rural districts and those who from an educational standpoint desired to see the workings of large stores and small stores, swelled the throngs. Get Ready For Bargain Day

Some of the stores will be closed promptly at 5:30 o'clock this evening in order that the employees may have a chance to arrange for the "Prosperity and Bargain Day" which will be held Saturday.

On this day the stores will offer special inducements to every visitor and shopper. The bargains will be new ones and will appeal to the most economical shopper. A formal invitation was issued to the towns, cities and rural districts to make it their business Monday's Association recently. It is expected that several thousand people will visit the stores Saturday.

The merchants have prepared to take care of a rush and are expecting a large one. "Prosperity and Bargain Day" will make its initial bow in Portsmouth business circles Saturday, and everyone should not in fittingly observing it.

ENTITLED

## "The Battles of a Nation"

Taken for and guaranteed by the Austrian and German governments. That these pictures are far superior to all other so-called war pictures, we print the following press comments:

### New York Globe:

The German side of the war, being exhibited in motion pictures at the Park Theatre, has proven one of the most interesting film importations depicting the struggle that have reached these shores.

### New York Evening World:

An artistic set of movies, showing the German army from Berlin all the way to Warsaw, is a feature at the Park Theatre this week. It is being exhibited under the title, "The Battles of a Nation."

These pictures furnish a clear idea of the magnitude of the strife now in progress. A compact set of pictures of the most important incidents of the drive, which are shown chronologically and succinctly. Plenty of actual fighting is seen. As an artistic contribution to the motion picture world they are splendid.

### New York Evening Sun:

The storming of the Park Theatre by enormous crowds last night was a fitting prelude to "The Battles of a Nation" shown on the screen inside. Thousands had to depart disappointed, for all the seats were occupied and every bit of standing room was taken early.

The above is what the New York press thinks of these wonderful pictures. See them. You'll be sorry if you miss them. To be shown only two days, tonight and tomorrow

# -to-morrow we start the greatest sale of made-to-measure clothes in local history

**T**HINK of this, men! The highest type of custom-made, built-to-order clothes in America at \$16 to \$30 per suit or overcoat. Royal Tailored-to-Your-Taste, if you please! Modeled and needed, draped and styled to your every demand and desire by the foremost tailors of the nation.

We are devoting the next several days at this store to a special pricing of those famous made-to-your-order clothes—built by The Royal Tailors of Chicago and New York. In more than ten thousand cities, the nation's best men's stores are holding a similar Royal Tailoring Sale, calling it Royal Reception Week.

But we prefer to call it Royal Extra-Value Week.

For we have forgotten all the usual price-standards in order to make this week a memorable week in the retail history of our town.

Spread out on our tables, in our tailoring department are glorious hundreds of the finest Spring woollens that ever enthralled your orbits; every fabric favorite of yours

is represented; in check, stripe and plaid designs; and in every soothing color known to the dyer's art—for you to choose-from-as-you-please.

It is our determination to give you absolutely the biggest value in made-to-order clothes you ever had.

With this ambition in mind, we have made special arrangements with The Royal Tailors of Chicago and New York—to show their woollens exclusively.

All prices have been pared to make this sale a record-breaker. For we want it to win hundreds of new boosters for this store. We expect to reach a new, and very desirable, clientele. It is frankly an advertising sale, and we are very largely paying for the advertising in our price sacrifices.

For the next several business days you can get made-to-measure clothes of the highest possible quality at prices never before dreamed of as feasible.

This is your store during this event—Mr. Made-to-Measure Man. Come and claim your own.

## By special arrangement with THE ROYAL TAILORS —a ten-day feature offering of Custom Tailoring

Choice No. 1

Men who have been paying \$35 to \$50 for made-to-measure clothes will be amazed at the quality of the superb custom tailor woollens we offer during this sale—at \$16 to \$20 per suit or overcoat made to measure. You find Serges, Cheviots, Bannochburns, Scotch Homespun, Silk Nubs, soft and hard finished Worsteds—from the finest mills in the world—mills whose products are usually to be found only in the smartest importing tailor shops. And your choice of them all at \$16 to \$20—in a faultlessly tailored built-to-your-figure Royal Suit or Overcoat.

**\$16 to \$20**

Choice No. 2

Whet your appetite for the richest collection of super-quality woollens and worsteds you have ever seen. Mrs. Isabella Thomas' Sunday school class of the Second Presbyterian church, will meet with Mrs. John Williams Friday evening.

## DECIDE ON SEWER

The city council street committee and City Engineer Sam Harper, to whom were referred complaints from New Boston regarding the Terminal sewer terminating out on open ground in the

Peebles addition, decided Friday to relieve the existing conditions. The officials decided to recommend the building of a 480 ft. extension to the sewer to connect with the New Boston sewer at the Peebles under-crossing. The village of New Boston will enclose its sewer running through the under-crossing with a concrete slab.

**Was a Visitor**  
Capt. Manns, of the B. & O. S. W. police force, was here from Chillicothe on a visit Wednesday. He was a caller at police headquarters.

## Forceful Sermon Delivered At U. B. Church By Rev. Hopper

Another large crowd attended the revival at the United Brethren church last night. Rev. L. J. Hopper's text may be found in Genesis 19-16: "But he lingered." "Sodom was to be destroyed. Lot and his family were living there. An angel came and told Lot of it, and yet he lingered. That is surprising to us. I am sure there are some things that are surprising to us, and they should be surprising to us in this day and age of the world. Lot was warned. I believe the reason why God warned Lot was because Abraham had been praying for him. I believe that a whole lot of folks are spared because someone is praying for them. The Almighty never sent destruction to a soul after coming to the age of accountability, without a warning. Now Lot believed the warning. There are many people who believe there is a Heaven, a hell, a God, a devil, a judgment and an eternal punishment, and yet they stay in their perilous positions. And Lot lingered. He hung back and said: "Not this morning, not right now. Why did he do it, when he was warned and moreover believed the warning? First, he did not fully realize the immediateness of the danger. He said, like a great many folks today, "I'm not in immediate danger, what's the use of being scared? Second, Lot was a rich man. He did not like to leave all he possessed in the city. Lots of folks nowadays don't like to give up some things that God puts his finger on, and says, "You must give it up." Some would rather stay in the place of destruction than give up a few worldly pleasures. Again, Lot did not feel like getting out. But when he finally went, he went because of what he knew, not because of what he felt. Lastly, Lot said, "If I would get out, I'm afraid I couldn't stay out." The angel of the Lord at last had to pull Lot and his family out by force. I like to see men and women get up and go to the altar in a manly or womanly manner. But, if necessary, I'll pull them out of hell. Lot got out of Sodom and was saved, thoroughly saved, but his wife was not, and she looked back and became a pillar of salt.

PIMPLY? WELL, DON'T BE! People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few days.

Change the blood, the bowels and the liver with Olive Tablets are the successful substitute for calomel—no more nausea or pain after taking them.

Dr. Edwards' Olive Tablets do that by their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with "a dark brown face," a bad breath, a dull, heavy, "no good" feeling, constipation, torpid liver, bad disposition or usually face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immediate and active result.

Take one or two tablets for a week. See how much better you feel and look. One and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

Misses Nell Fraithier and Emma Bentine, operators at the Scioto-ville exchange of the Portsmouth Telephone Company, have resigned their positions after two years of service.

Misses Amazetta Price and Augusta Cunningham are the new operators.

## Sues For \$10,000

Ironton, March 17—Suit was filed in common pleas court Thursday by Attorneys Elkins and Riley and Andrews and Irish representing A. B. Lambert, against the state industrial commission for \$10,000 damages sustained by A. B. Lambert in an accident at the power house of the Ohio Valley Electric Railway Co., sometime ago.

## Prof. Gorrell Is Secured

The Church of Christ, Eleventh and Offshore streets, has secured Prof. W. J. Gorrell, professor of music in the public schools of St. Mary's, W. Va., to lead the singing for the meetings, beginning to-night.

This happy substitution was necessary because of the failure of E. E. Campbell and wife, of Hillsboro, to keep the engagement, as advertised.

## Awful Punishment Meted Out By Judge

Close to 400 people were jammed in the Odd Fellows' hall at Scioto-ville when men from the First Christian church of this city gave a mock trial there last night. Close to \$10 was cleared, which will go into the Sciotoville Christian church building fund.

Jesse Beck, of the city, president. Charles Racy, who posed as Honus

Leiberwurst, was on trial. He was sued by Polly Primrose (George Taitman) for \$25,000 for heart balm. Walter Bagby and Ben A. Teichner presented the legal side of the case for the plaintiff, while the defendant had Chester Kerr and J. N. Ramey for his lawyers. After hearing the testimony of a number of "witnesses," "Judge" Beck gave his verdict as "guilty" and Leiberwurst was sentenced to six months in a pig house with a muzzle on.

## Read This Letter!

It shows how our famous Chicago tailors guarantee the clothes they tailor-to-order. We have yet to find another merchant tailoring company that makes such a promise.

Chicago, Mar. 1, 1916

John W. Russell---  
Dear Sir:--

Following the custom pursued by us for many years, we wish our old customers, as well as our new, to return any coat made by us during the past season in which the linings have not given satisfactory wear. We will be pleased to put in a new front, or if this cannot be done, make a new coat and also reline the garment free of charge.

Yours very truly,  
Ed. V. Price & Co.

If you don't want to lose money, stay away from the cheap tailors and let us take your measure for Spring clothes that give Quality a meaning.

## HAS MADE THE "TALKING MACHINE"

## A THING OF THE PAST

When Edison invented mechanical sound reproduction 30 years ago the world marveled at his genius. The "talking machine" was the wonder of the age. But Edison himself was not satisfied. He had not reached his goal. This was not real music, but only mechanical approximation.

Others, however, eager for economical gain, closed their eyes to its imperfections. They adapted Edison's original ideas and exploited them by cleverly turned phrases. Even today "new" talking machines are announced which are really but adaptations of Edison's 30-year-old idea.

But meanwhile Edison cherished a higher ambition, one really worthy of his genius. For the last five years he has labored tirelessly and conscientiously, 18 to 20 hours a day, in his search for a true musical standard. He dug deep into the hidden secrets of acoustic science—research of which he alone was capable. He ignored mere mechanics—for the mechanical timbre is the glaring defect of the familiar "talking machine." He aimed at the goal for which every music lover has hoped—

# MUSIC RE-CREATION

And now he has found it. He opened the doors of his laboratory and revealed a new musical instrument—the New Edison Diamond Disc. Mind you—not an adaptation of old imperfect standards—not a talking machine—but a real musical instrument that is **DISTINCTLY NEW**. It has made the "talking machine," which for thirty years people have considered the limit of human possibility, a **THING OF THE PAST**.

Now—which will you have in your home? Which will you choose? This new musical instrument or the old-fashioned "talking machine"? Do you want the actual tones of the original ar-

tist, alive with that subtle breath of reality, or—the cold, metallic tone of the "talking machine" which makes even the greatest music unmusical? Do you want that eternal bother of changing needles, which wear out valuable records, or do you want the permanent rounded diamond cone which eliminates all the fuss and prolongs the life of the record indefinitely? Do you want the fragile record which you must fondle like a costly piece of china, or the unbreakable Edison re-creation disc?

These are things which you must investigate and decide **NOW**. And investigate and decide in a way which will enable you to **AVOID REGRETS**.

## ATTEND EDISON RE-CREATION CONCERTS

Come in and hear the New Edison Diamond Disc at the special concerts we are giving now for music lovers. Even if you are not thinking of purchasing, you should attend these concerts. If the familiar mechanical approximation of tone has seemed wonderful to you, then this new gift of the wizard's genius will be a revelation.

Don't let anyone tell you that you can't hear certain artists on the New Edison Diamond Disc. You can. The Edison can be made to play other makes of records. And although the music of these records is not as true to the original tone as Edison's own re-creations, because of his superior method of sound development, they really sound better than on the instrument for which they were made.

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, N. H. Office Phone 60.

Dear Dolly.—I have been drawn to you for advice through the fairness of your answers to the many questions you are asked. In the latest developments of the Mexican troubles, it seems probable that many of the state troops will be called to the border. Do you think that the situation is serious enough for Co. K. of this city being called? In the event that it should be called on, what ground could a man belonging to this company be released, if any, from fulfilling such a call? I think I have just reasons, which I am unable to mention here for remaining at home. You will therefore confer a great favor on myself and others by answering my question. I hope to see same in an early issue of your paper.

DYNAMITE BILL.  
The members of Company K.

could not be forced into Mexico. The company is a member of the O. N. G. and was organized for the purpose of quieting disorder and putting down insurrections in the state, or in case of necessity, in the United States. A National Guard could be sent to the border but no farther unless they enlisted under a United States call for volunteers. However, it has always been the custom for members of the National Guard to enlist on the first call for volunteers as they did in the Spanish-American war. A volunteer for war service can be sent ANYWHERE in the service of the United States.

Dear Dolly Wise.—Please, tell me how to clean a white chin-chilla coat and also a panama hat, and will they wear panama hats at Easter? Thank you for your answer.

A READER.  
You can wash your coat very nicely. Use lukewarm water and wool soap. Rinse in lukewarm water and hang on a coat hanger

to dry. If you don't want to tackle the job yourself, better send it to a cleaner. It will be too early for your panama Easter. Why not get a new spring hat or fix over your old one and then clean your panama later in the summer. There are quite a number of straw hat cleaners on the market. Ask your druggist to recommend one.

Dear Miss Wise.—I have a light pink silk crepe de chine waist and after washing it I put red ink in the rinse water, and it has streaked. Please tell me how to get it back again to its natural color? How old must one be to teach music?

MARGARET.  
You can wash the ink out. If you had used lukewarm water and sort of mixed the ink in thoroughly, then wet the waist before putting it into the coloring it would not have "streaked." Age has nothing to do with teaching music. If you think you know enough about it to teach, and can

get any pupils, go ahead and teach them.

Dear Dolly.—There are two or three different kinds of vaseline. What kind would you suggest for me to put on my hair to make it grow? What will cure tetter? BROWN EYES.

Use the liquid vaseline. Better consult a physician about the skin disease. Girls your age can wear any of the bright colors.

Dear Dolly.—As you have answered many questions for others, I thought I would ask you a few. I have light brown hair;

### BRIGHTER CHILDREN

Children are probably brighter to-day than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women.

If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body forces to healthy action.

Scott's Emulsion is used in private schools. It is not a "patent medicine," simply a highly concentrated oil-food, without alcohol or harmful drugs. It causes them to improve blood, it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes. Scott & Bowne, Bloomfield, N. J. 15-21

dark gray eyes, and a light complexion. Am I blonde or a brunette? I am 15 years old. How should I wear my hair? What will cure dandruff? What color would be becoming for me to wear? Thanking you in advance. A SCHOOL GIRL.

You are betwixt and between a blonde and brunette. Wear your hair any style that is becoming. Hanging down your back and tied above and below with a big ribbon bow would be a pretty way to fix it. There are lots of dandruff cures. An application of castor oil every night is successful in most cases. Here is another remedy. To an ounce of sulphur add an ounce of soft water (preferably rain water) and during intervals of several days agitate the mixture repeatedly after the sulphur has settled to the bottom of the receptacle use the clear liquid. Saturate the head with it every day and in a few weeks every trace of dandruff will have disappeared.

Dear Miss Wise.—Can you tell me what will take a bad odor from new weather? I have sunned and aired them well, but that does not seem to do them much good. I thank you very much for an answer.

A TIMES READER.  
I imagine the odor will disappear when the feathers get a little old, or when the oil in quill end of them dries up. That is probably what is causing the odor.

## SOCIETY

The Willing Workers' Class of the German Evangelical Sunday school, twenty-nine in number, met last evening at the home of Mrs. Samuel Lindemeyer. The assisting hostesses were Mrs. Johanna Pfau, Mrs. John Micklethwait and the Misses Poetker. Refreshments were served at the end of the meeting.

The Home Guards, St. of Trinity Methodist church will meet Saturday afternoon, at two o'clock, at the home of Mrs. J. R. Coleman, 1513 Highland avenue.

## The little codger certainly loves his Edgemonts and milk

No wonder. There is no better food for the baby. Edgemont Crackers are made of the finest flour and purest shortening—mixed, rolled, cut and baked by machinery, in Ohio's model bakery. And, hot from the oven, they are packed in our double-enameled pure food box, so that your grocer sells them to you fresh always.

## EDGEMONT CRACKERS

100 to the pound—only 12 cents

Tell your grocer that you want Edgemont Crackers. Keep plenty in the pantry. Have some on the table for each meal. Their rich, wholesome flavor and splendid taste really spur the appetite.

Tell your grocer you want Edgemonts—from that Green enameled box. He will be glad to supply you, because every grocer knows of the constantly increasing demand for Edgemonts—and he knows the reason for it.

## First Purchases Always The Most Satisfactory

With the prices climbing higher and higher in all raw materials such as Cotton, Silk, Wool and Linen—with a scarcity of dyes facing all the manufacturers—and with increases in cost of production generally you will not alone feel more than satisfied with your early buying but you will find that you will be the fortunate one and the person that waited will be disappointed.

## TIMES SERVICE PATTERN

1567

TWO POPULAR AND DESIRABLE STYLES  
1567. Ladies' Jumpers or Over-Waists.

This illustrates a smart and pleasing fashion—one that may make a waist "two in one," for these jumpers can be worn over any gump or blouse. In black silk or satin, in embroidered net or voile, they are charming. They are nice in silk or serge to match the color of a separate skirt, and so worn over a waist of chiffon, crepe or net. The one style shown is gathered at the waist, and may be made with straight or scalloped lower edge. The other style has waist portions lengthened by peplum sections. The pattern is cut in 6 sizes: 34, 36, 38, 40, 42 and 44 inches bust measure. It requires 1 yard of 44-inch material for No. 1, and 1 1/2 yard for No. 2 for a 36-inch size.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

CAUTION—Order adult patterns by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

### COUPON

This pattern will be sent on receipt of 10 cents. Make number, name, address, etc., plain. Send to Pattern Department, Portsmouth Daily Times, Portsmouth, Ohio.

These Are Only A Few Items of the Many Splendid Offerings This "NEW BARGAIN BASEMENT  
SHOP" Will Afford to the Economical Buyer

This "up-to-the-minute Store," which continued its progressiveness right from the start, well deserves its patronage. We have  
served the public to the best of our ability and the long experience this management possesses, the result is we can count our old  
friends in the thousands, who are frequent visitors in our store. We welcome them, whether they buy or not, they have the privi-  
lege of just to come and look around, to pass their time, to have a little chat, if we can spare them the time. And now, they'll find the  
place more interesting, more room, more bargains, more clerks who are always courteous. Come, if just only to rest—plenty of  
sitting room. Study the growth of this establishment—not very long ago, just a little store with a handful of goods, today, having  
the biggest and finest department of its kind in town; moved twice into larger quarters each time; and now permanently located in  
a modern building where we can stay and grow plenty. It's up to us to retain your support, for which we shall do our very best.

## To Celebrate this Big Event Which Is So Far The Happiest in Our Business Career

We shall also place the entire stock on our main floor on sale at such prices that will startle the town from end to end. Come tonight, Friday, March 17th  
7:00 to 10:00, to the opening, which was always a favorite with the public. Recall the crowds we get! Look at the living models! Listen to the orchestra!  
Enjoy the beautiful gowns shown, which is so pleasing to the eye! The next day you can choose any of the styles for as reasonable price as we can pos-  
sibly quote them to you, and they are low enough, considering the fact that merchandise is going up every day. Come! You are welcome. No children al-  
lowed, unless with mothers, in order to give ample space to visitors.

Officer Smith had started to ques-  
tion the man regarding a suit case  
he had carried from New Boston to  
the hotel for a friend, Ed Sexton,  
which contained two suits of clothes  
and two pairs of shoes, which Sex-  
ton said did not belong to him, but  
to a mailman and fellow roomer.  
Sexton claimed he had met Kelly  
in the city Thursday morning and  
Kelly accompanied him to his board-  
ing place in New Boston and they  
went to sleep. Sexton said after he  
woke up he found he had been re-  
lieved of \$15 and found the suit  
case gone. He followed Kelly to the  
city and overtook him at the Biggs  
house. He later went to police headquarters  
and wanted to file an affidavit  
against Kelly, but was advised to go  
before the New Boston authorities.  
Officer Smith had merely intended  
asking Kelly about Sexton's com-

plaint when he got "rosy." A dis-  
orderly charge was placed against  
him. He was fined \$10 in police  
court and will be turned over to  
New Boston authorities.

## FREE SUGAR REPEAL IS FAVORED BY THE HOUSE

Washington, March 17.—The  
administration bill to repeal the  
free sugar provision of the tariff,  
passed by the house last night,  
went to the senate today. It will  
be referred to the finance com-  
mittee and probably will be taken  
up soon in the senate for action.

The bill was adopted 346 to 14  
by the house, thirteen Democrats  
and one Socialist (Representative  
London), casting the negative  
votes. Efforts to amend or re-  
commit were unavailing.

Majority Leader Kitchin, who  
made the concluding argument  
for the measure, ran the gauntlet  
of a rapid fire quiz by the minor-  
ity which developed into a general  
attack and defense of the tariff.

As the tariff law now stands  
sugar would go on the free list  
May 1, with a consequent estimat-  
ed loss of revenue to the govern-  
ment of approximately \$42,000,-  
000.

## WAR OFFICE MAINTAINING IRON CLAD CENSORSHIP

Washington, March 17.—The  
eyes of administration officials  
centered upon the desert plains  
of northern Mexico where Brig-  
adier General John J. Pershing is  
leading American troops in pur-  
suit of Francisco Villa and his  
band of outlaws.

The censorship surrounding  
the movement of the expedition  
was so strict that up to an early  
hour today not a single dispatch  
from the American columns had  
been made public by the war de-  
partment since the announcement  
of Wednesday night that they  
had crossed the international  
boundary line.

A long code message from Gen-  
eral Funston came to the depart-  
ment late last night, but Secretary  
Baker declared that it contained  
no news of importance and he  
would not make it public. Un-  
official advices from the border  
said that Villa and his men are  
far to the south of the American  
forces.

## RECOMMENDS GAS FOR DOMESTIC USE ONLY

Columbus, March 17.—Natural gas should be kept primarily for domestic use and not dissipated for manufacturing purposes, C. V. Critchfield, gas expert of the Ohio Public Utilities commission declared in a report on gas shortage at Cleveland, made public today. He recommends that the state governments of Ohio, Pennsylvania and West Virginia, through their utilities commissions "take concerted action on the appalling use for manufacturing purposes of nature's perfect fuel."

He added: "It seems nothing short of criminal to permit open hearth furnaces and other types of gas consuming devices to dissipate this great natural product."

### HAD LEGAL BATTLE OVER PARADE RIGHTS FOR ST. PATRICK'S DAY

New York, March 17.—St. Patrick's Day will be celebrated by a parade this afternoon of the Ancient Order of Hibernians in New York county. Members of another faction known as "The Ancient Order of Hibernians" in America refused to join in the parade after a legal battle in the courts for exclusive permission to march through the streets in celebration of the day. Owing to this conflict the customary review of the parade by Cardinal Farley was omitted. A separate parade of 10,000 Irishmen will be held in Brooklyn.

It's "Stochad"

John F. Flannigan, coal dealer and transfer man, believes he is entitled to go to that Lyric show for he was born the day before St. Patrick's day. Alvin McGinniss, popular B. and O. S.-W. express messenger, too, wants in on a pass for he likewise is a day older than St. Patrick, he says, having been born on March 16th.

## Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth, even just a little, see your dentist at once.

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senecio Tooth Paste. Senecio combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

## BETTER HOUSING WANTED

New York, N. Y., March 17.—Prizes were offered today by a sub-committee of the National Americanization committee for plans for dwellings suitable for the use of workmen and their families and for the betterment of living conditions of railroad workmen who are living in old cars along the line of railroads.

Competitors are asked to supply plans for a house for a single family, to include two bedrooms, a house for a family with four lodgers, and a boarding house for thirty persons. Prizes of from \$100 to \$300 are offered for a satisfactory substitute of the freight cars now used as homes for railroad construction men. The competitions are a part of the movement promoted by the immigrant housing competition commission to raise the standard of living for immigrant workmen.

J. G. Schmick, of Cincinnati, chairman of the house committee, said the improvement of dwellings was greatly needed because so many

persons were living in temporary houses in the great munition manufacturing centers. The manufacturers, he said, are building these houses in haphazard fashion, creating ugly, unsanitary towns. Similar conditions prevailed, he said, in various labor camps.

## RUTHLESS SUB POLICY IS REJECTED

London, March 17.—Dr. Von Bethmann-Hollweg, the imperial chancellor, may follow Admiral Von Tirpitz into retirement, according to advices from Geneva to the Daily Express quoting Berlin reports which also state that Prince Bernhard Von Buelow, the

former chancellor, will soon leave Lucerne for Berlin.

Berlin, March 17 (Via London).—German officials repeat the statement that submarine warfare will go on in the limits set by the German memorandum to neutral powers of last month, but that the demands of those who wished to see the indiscriminate torpedoing of "whatever comes in front of the torpedo tubes," to use the expression of one of those who advocate this policy, will not be fulfilled. This is also the deduction which those acquainted with the situation declare can be drawn from the resignation of Admiral Von Tirpitz, which was foreshadowed a few days ago by the reports of his illness. The conclusion is said to be strengthened by the fact that Admiral Von Capelle has been chosen as the new minister. He is known merely as an excellent administrative officer not having had ship command in the last 25 years. During this period he has been at the admiralty, first as advisor of military affairs, then in the budget departments and finally as head of the administrative department. He was looked on as the right hand man of Admiral Von Tirpitz until his retirement last November.

The Tages Zeitung which has been one of the strongest supporters of Admiral Von Tirpitz, says that it is "shaken by the news of the admiral's resignation and does not feel itself in a condition to make comment thereon."

### GERMAN LOSSES LIGHT

Berlin, March 16.—(Via London).—Further confirmation of the report that the German losses in the capture of Dommont, northeast of Verdun, were not extensive, is found in the regimental memorial to the dead of the Brandenburg regiment appearing in the German newspapers. The memorial is signed by the regimental commander who gives the names of six lieutenants and one ensign as having fallen in the fighting before Verdun.

## How to Destroy Catarrh Germs and End Catarrh Forever

Catarrh is a germ disease and the only way to cure it is to kill and drive out of your system the catarrh germs which have found lodgment there. When the germs go the catarrh will stop. This is done with most treatments, like sprays, calves, creams, greasy balms, lotions, etc., is that they give only temporary relief by opening up for a while the congested head, throat and nostrils. In a little time the Catarrh comes back as bad as ever.

People who suffer continually from catarrh should drop such temporary make-shifts and get something that really gets at the root of the disease and stamps it out. There is nothing better for such cases than breathing into your nose and lungs the pleasant, soothing, healing, germ destroying air of Hyomei (pronounced High-me) made from natural oil of Eucalyptus and combined with other powerful healing, antiseptic and germ destroying ingredients. Hyomei penetrates and kills the inflamed, swollen, ulcerated surface of your nose and throat, stops discharges, clears the passages and completely overcomes the disease by destroying its cause. For catarrh germs cannot live in your body after Hyomei reaches them. Wurster Bros. and many other good druggists in Portsmouth and vicinity have long sold Hyomei on a positive guarantee of successful results or money back and find this generous policy pays. Most druggists are now giving a pocket inhaler made from hard rubber with every complete treatment sold. This makes a very simple, easy and convenient use as well as a thoroughly reliable means of reaching by the best known method this dangerous and often disgusting disease.

## ARMY BILL IS UP FOR A VOTE IN THE HOUSE

Washington, March 17.—The army increase bill was up for consideration in the house today with indications of its passage before tomorrow night. It is part of the administration's national defense program and was prepared by the house military committee, of which Representative May of Virginia, is chairman, after months of investigation and consideration.

The house paved the way for consideration of the bill by the adoption of a special rule under which ten hours of general debate will be allowed after which it will come to a vote on its passage.

A night session will be held. The special rule was brought in the house and passed in a hurry after President Wilson had urged leaders to hurry action on the defense program.

## SAY KAISER WANTS FLEET TO TACKLE THE BRITISH

Paris, March 17.—The retirement of Admiral Von Tirpitz is considered in French official circles, according to the Paris newspapers, to be due to the fact that he has opposed the coming out of the Ger-

man fleet while Emperor William desires to see it engage the British naval forces. The conclusion is con-

sequently drawn that a change may be looked for in the German naval policy.

### CAUSE FOR CONGRATULATION

The St. Louis Milk Commission came into existence twelve years ago. Its particular province was the regulation of the conditions and standard by which milk could be sold in the city, and its especial purpose was to "save the babies." In the first year of its existence infant mortality was high, 135 out of each 1,000 born. The first year some progress was made in raising the quality of the milk sold and there was a slight decrease in the ratio of mortality to births. The constant tendency was more stringent regulation and greater efficiency in enforcement. The result is more than gratifying and last year the ratio of infantile deaths was but 80 to the 1,000. Not all of this, by any means, is claimed for the sale of wholesome milk. Better water, improved sanitation and a distinct advance in the methods of treating children, infants especially, has helped considerably. Still it is felt the main gain has been made through pressure of rules that have brought better and purer milk to market. And right here has been another gain. The improvement has not been confined solely to St. Louis, but example has spread to the surrounding towns and generally health conditions, among adults as well as among children, have risen to greater effectiveness, because milk drinking, even in public places, has largely supplanted that of intoxicants. Any number of thirst placers and refreshment places are selling milk beverages that are bulwarmed with all sorts of certificates, tests and guarantees as to purity.

### GOSSIP AND SLANDER

Hillsboro, Ohio, has been the center of social disturbance due to the activity of the gossip and the scandal monger, which leads the Hillsboro Herald-Dispatch to editorialize upon the evils of the crooked tongue. "Gossip and slander," says the Herald-Dispatch, "are certainly two of the greatest evils that a community can be afflicted with, and there are but few communities that are not assailed by it. How any man or woman with one spark of humanity in their hearts can fall into this slimy, loathsome and disgusting habit or propensity we cannot imagine. It is indulged in by men and women to an extent that is appalling. Neither is it confined to the low down loafer but affects the office, home and store. It is inconceivable to one of a rational mind how any person can sit around and purposely start a slanderous report on either friend or foe. God in his wisdom is the only one that can finally deal out to such people their just deserts."

Then the Herald-Dispatch goes on to tell of some instances in which the lives of young girls at Hillsboro have been smothered by the slanderous tongues of the community and calls down the wrath of Heaven upon the perpetrators. But he has faith in mankind, has our editorial friend at Hillsboro, and he concludes his dissertation by a profession of faith that after all mankind is not wholly bad, saying:

"But after all we are optimistic, we believe the world is better; that most everyone has some good in them; that there is in the worst of men and women a chord of sympathy that can be aroused. It may have lain in a dormant state for years, but the right person, in the right manner, at the right time, can touch the latent spirit of humanity implanted by God in every human soul, and it can be made to respond, yield and become subdued, so that tears of genuine repentance for a rebellious spirit will flow and cause a lost soul to be saved from the tortures of hell. If there is one thing we crave above another it is that our sympathetic feeling for humanity and belief that there is more good than bad, more love than hate, more roses than thorns, more good intentions than bad, will abide with us, and let us live as an optimist on that subject."

"And therefore with a heart full of clarity, let us press on and try to do better and get others to join us, thus causing their hearts to enjoy new aspirations, and let us follow the greatest commandment ever given from the Prince of Peace, 'Do unto others as ye would that men should do unto you.'"

The report that a six million dollar plant is to be built at Cleveland to manufacture war munitions for the Russians may or may not be true. It is of enough substance, however, to establish the conviction that the inside opinion is the war will be of indefinite continuance.

That Jackson banquet puts it up clear that Ex-Senator Eckhart is some publicity agent.

### LIKE THE GOOD OLD SAINT

### GRAFT AT AKRON

A state examiner has been nosing into the conduct of public affairs and finances at Akron, and, it would seem, finding so much that is illegal and reprehensible, that he fears to shock the state too greatly by telling it all at once, so he is unfolding it on the installment plan and at distinct intervals. In his last installment he finds the street superintendent delinquent, in that he used his own teams and those of his father and brothers in work on the streets. The usual crude expedient of having the bills brought in under the name of some one other than the superintendent himself, or a relative, was resorted to. This clumsy device makes it clear enough that the official knew he was violating the law, one of the best precautions ever invented to check graft, that forbidding public officials to have a personal and financial interest in public contracts. For had he not so known, there would have been no effort to hide that interest by fictitious vouchers. As so much ado is made over the mismanagement of Akron's municipal affairs, the prosecuting attorney should become diligent and effective in the work of securing the imposition of proper fines and penalties. Abuses of the kind that seem to be common at Akron are all too prevalent in general and it is high time example were made in check of a most harmful practice.

Attorney Frank W. Moulton sends us a copy of the Nassau Guardian published down in the Bahamas Islands. It is printed on one side of a small pink sheet and looks something like the small flood editions we occasionally issue when our big press is out of commission by the water. Mr. Moulton writes that while it is not much of a paper, it is a money maker and the proprietor and editor, Miss Mary Moseley is now enjoying a vacation trip to England. We suppose the Guardian fills the bill, but we don't imagine it would go very far in Portsmouth. It has about as much news as is found in a quarter of a column of the Times.

Beginning Saturday we will publish state political letters, giving expressions to news, views and opinions from both Democratic and Republican standpoints. The Democratic letter will be furnished by the state press bureau of that party, and the Republican letter will be furnished by the Republican press bureau. Read whichever one suits your taste, or better still, read them both, and draw your own conclusions. The Times, of course, does not assume responsibility for the utterances, and is printing them that its readers may keep in touch with the political activities of the dominant parties in the state. The letters are the official views of the controlling committees of the parties upon public questions.

Yesterday we called on the telephone a business concern of this city. A gentleman answered the call—answered it in a manner considerate as well as courteous.

One cannot see with his eyes the man on the other end of the telephone line—but one can see him with the mind's eye with exceeding distinctness, and one always knows whether one is talking to a gentleman or not, whether he be garbed in overalls and streaked with grease or dressed in swallow-tail for a banquet.

One of the things that make life pleasant in this part of the world is that most of the men that one calls on the telephone are gentlemen.—Columbia State.

All things come to him who waits. And so it was with our first 1916 baby. After many disappointments an ideal day was finally furnished for the gift presentation. We trust the youngster will bear this in mind when, in future days, disappointments may cloud his efforts, and that he will stick to it until the sun shines and success comes his way.

Los Angeles telegraphs that all along the Mexican border and on into California they are rallying to the cry: "Help Catch Villa". That is a nice, ladylike way of putting it. More like what they are shouting is: "Hang the Mexican Scoundrel!"—no matter what is the other adjective.

Now that spring is officially near you can stand on the street corner and tell who is who in the house cleaning line by watching the expressions on the faces of the tired business men as they hasten to a restaurant for the noon-day lunch.

Along about this time three years ago we were feeling real sorry for Dayton and Hamilton and organizing relief funds to send to them. And then about a week later we had to feel sorry for ourselves.

As our brave boys march off to unknown perils in Mexico, the sober conviction comes to some people that paying the piper isn't half so jocular a pastime as anticipating the frolic.

### NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, March 17.—S. Jay Kaufman, who has burst forth with a zippy column for the tired boulevardier in the New York Globe, has a rambling assignment. He just rambles in and out the town and writes of his impressions.  
His latest impression is that Bohemia is wandering up town. Harlem may now be considered de rigueur by the tango friend and the Bismarck herring gourmet. Not very far from the 116th-Lenox subway station is a delicatessen factory which has a restaurant on the side. The combination delicatessen-cafe has become a rendezvous of the newswriters, of musicians, of painters and pseudo scribblers.  
Also in the place may be found hopeful future district attorneys, borough presidents and other politicians. The real "vie de Boheme" without Puccini's music is there—and they never have the milk bottles stolen in the morning.  
New cafes and tango halls are blooming all over over the uptown section. The prices are not so steep for rents are not so high.

There is a man who has an office along the Times Square curb who makes his living by his wits in an unusual way. He is up early to scan the columns of the morning papers. He hunts for stories about people who are rarely in print, if ever.

He then hustles to their home address and tells them that they have been written about in the New York newspapers. Of course they are very much thrilled by the information.  
For one dollar he agrees to furnish them with the paper. Most of them fall for the offer and the man with the idea is said to make from \$8 to \$10 a day and on Sunday as high as \$25.

A unique dinner party with the golden service was given last week at the Knickerbocker. Famous chefs from all over the country were in convention here and the most noted of them got together for a special dinner.

They were agreed that talking while eating detracts from placing the proper value on food, and so each of the guests were requested, when seated, not to speak a word. Not one guest broke the promise.

The banquet lasted for more than an hour and all of the most expensive dishes were served. In the party were such well known New Yorkers as James K. Hackett, George Ade, Louis H. Chalf, William R. Hearst, Oscar and George Gould.

Joe Drum, well-known Broadwayite, was recently put on a diet by his physician. He stood down in Longacre Square the other afternoon, glumly contemplating the traffic with his eyes, that ever and anon strayed irresistibly toward the beckoning of a taproom.

"Hello, Joe," greeted a friend, stopping to offer condolence. "You are looking fine since the doctor took you in hand."  
"I don't feel fine," was the gloomy response. "I had a glass of milk and a bun for breakfast."

"But think of the economic advantages," continued the other. "You've got twice as much money now as you had when you were visiting the cafes."

"Sure," agreed Drum, "but I haven't any use for it now."

The idlers about the bulletin boards in front of newspaper shops have invented a new game to aid them in their sport of killing time. They select a pedestrian at the nearest corner and then wager whether he will stop at the bulletin board or pass on.

All bets had to be called off on one pedestrian the other day. He walked briskly toward the bulletin board, turned about suddenly and without halting walked back again in the direction from which he came.

## VILLA CLASH HOURLY EXPECTED

### NIGHTFALL WILL BRING SOLDIERS INTO VILLA'S STRONGHOLDS

(BULLETIN) Washington, March 17.—Very satisfactory assurances regarding the attitude of the Carranza government toward the entrance of American troops into Mexico were conveyed to the state department today by Consul Silliman, who is with General Carranza. He reported no trouble from the Carranza forces was to be expected.

El Paso, Texas, March 17.—Expectation along the border was keen to its highest pitch today by the general belief that before nightfall the advance guard of the American expeditionary force would have entered Villa territory in the mountains of the Casas Grandes region of Mexico.

While the censorship prevented any official news of the whereabouts of the American columns, reports brought by Americans arriving from the interior, coupled with the calculations of men thoroughly familiar with the ter-

the Carranza forces could render valuable aid in supplying guides, aiding in the obtaining of forage and in similar directions.

"The Americans have guides of their own," he said, "who, I am sure, are as good as any we could give them. I feel equally certain that they have better maps than any we have. The soldiers of General Carranza are marching against Villa, the American soldiers are doing the same. That seems to me to be co-operation, and it is all I have to say."

Rumors of the revolt of the Carranza troops are plentiful here but according to official advices thus far, at least, the first chief and his lieutenants have maintained strict order. There seems no question that a considerable portion of the Mexican people bitterly resent the presence of American troops in their country, but as far as is known they have shown their hostility by no overt act.

The twelfth Mexican, suspected of Mexican activities, was arrested here last night and placed in jail with the eleven former generals and "cabinet ministers" of Villa.

Maneuvers of Villa's friends in El Paso seem to be mainly concerned with the dissemination of sensational reports reflecting upon the supporters of Carranza and intended to provoke ill feeling between them and the Americans.

### LIVES REPORTED LOST IN SINKING OF DUTCH LINER

#### HOLLAND AROUSED BY SHIP DISASTER

Amsterdam, March 17.—(Via London)—The newest and finest steamship sailing under the Dutch flag, the Tubantia of the Holland-Lloyd Line, was sunk shortly before dawn yesterday, thirty miles off the Dutch coast. Although it is not positively established whether the sinking was due to a mine or a torpedo there is a singular unanimity on the part of those who were on board in attributing it to a submarine's act.

The crew base their belief in this regard chiefly on the intense violence of the explosion, and on the fact that it occurred amidships.

The vessel was outward bound from Amsterdam to South American ports carrying a crew of 294 and 82 passengers, the latter mostly neutrals, including, it is said, three Americans. The ship bore the usual identification marks of her neutral character, including an illuminated name and flag.

The disaster has created a profound sensation throughout Holland, where the ship was a great popular favorite, owing to its size and luxurious appointments. The press comments reflect anger and indignation.

London, March 17.—The Dutch admiralty states that 377 survivors from the Tubantia have arrived in Holland, while the revised lists of the steamship company show that there were 381 persons aboard, according to a Reuter despatch from The Hague.

Amsterdam, March 17.—It is now believed there was a small number of lives lost in the sinking of the Tubantia, either in the explosion or an accident which attended the launching of a life boat. The steamship remained afloat several hours.

According to all reports there was no panic, everyone on board behaving splendidly. The boats were launched in their appointed order and the passengers were all taken off first. The rescue work was difficult owing to the darkness, the heavy mist and the rough sea. The boats were several hours in finding the Noordhinder lightship which was two miles away.

The captain and part of the crew remained on the gradually sinking ship, for some time the

#### SAY KAISER WANTS FLEET TO TACKLE THE BRITISH

Paris, March 17.—The retirement of Admiral Von Tirpitz is considered in French official circles, according to the Paris newspapers, to be due to the fact that he has opposed the coming out of the German fleet while Emperor William desires to see it engage the British naval forces. The conclusion is consequently drawn that a change may be looked for in the German naval policy.

Chicago, March 17.—When the work during the last two days of the United States recruiting offices in the Chicago district was summed up today it was found that more than 1,000 men had applied for enlistment in the army.

#### HAD LEGAL BATTLE OVER PARADE RIGHTS FOR ST. PATRICK'S DAY

New York, March 17.—St. Patrick's Day will be celebrated by a parade this afternoon of the Ancient Order of Hibernians in New York county. Members of another faction known as "The Ancient Order of Hibernians" in America refused to join in the parade after a legal battle in the courts for exclusive permission to march through the streets in celebration of the day. Owing, it is understood, to this conflict the customary review of the parade by Cardinal Farley was omitted. A separate parade of 10,000 Irishmen will be held in Brooklyn.

### RECOMMENDS GAS FOR DOMESTIC USE ONLY

Columbus, March 17.—Natural gas should be kept primarily for domestic use and not dissipated for manufacturing purposes, C. V. Critchfield, gas expert of the Ohio Public Utilities commission declared in a report on gas shortage at Cleveland, made public today. He recommends that the state governments of Ohio, Pennsylvania and West Virginia, through their utilities commissions "take concerted action on the appalling use for manufacturing purposes of, nature's perfect fuel."

He added: "It seems nothing short of criminal to permit open hearth furnaces and other types of gas consuming devices to dissipate this great natural product."

## RING GLADIATORS ARE DOWN TO HARD WORK

New York, March 17.—In a driving snow storm, over frozen and slippery roads, both Jess Willard and Frank Moran did some hard road work this morning in preparation for their bout.

The big champion jogged about four miles through Central Park and along nearby thoroughfares, while Moran's five-mile run was cross-country near his Westchester training quarters. Neither was sorry when the outdoor work had been completed.

Willard went through his regular afternoon stunts in the West Side club house, showing plenty of vim and speed in shadow boxing, tumbling on the mat and working the pulleys. Then he took on his three sparring partners for two rounds each and followed with a four-minute wrestling bout with Houshane, the Turk. The medicine ball, which was thrown vigorously by himself and two of his attendants, wound up the most strenuous day of his training.

Moran showed much vitality in bag punching and rope skipping as well as in all his gymnastic work. Trainer Will Lewis kept Moran's boxing down to four rounds today. He had two hard three-minute sessions with Bartley Madden and Bill McKelton and finished up with two fast rounds in which there were some heavy exchanges between the Pittsburgher and Frank Kendall of Portland, Ore., the heaviest of Moran's three sparring partners.

A real plug of Old Kentucky is fresh and delicious. You'll say you never tasted it equal, and the more you chew it the better you'll like it. Get it from your dealer.

### HIS TEAM READY TO PUT UP HARD FIGHT

Bill Donovan

According to baseball statisticians the outlook for the Yankees in the coming season is the most encouraging since the American league team was established in New York. If the talent which has been added to the club comes up to expectations, Bill Donovan's team should figure in the pennant race prominently.

## Huntington Here On Saturday Night

Saturday evening in the high school gymnasium the P. H. S. basketball champions will clash with the fast Huntington five. The up-river lads beat the Red and Blue players in Huntington early in the season. The locals will use their regular lineup with Trone and Wagner at the forward positions, Baumman, center, and Shumway and Brandel the Red and Blue players in Huntington.

## Chicago Teams To Go After Leaders

Toledo, March 17.—Seventeen of Chicago's strongest clubs will essay tonight to capture the colors of the Red Sox of Columbus, who this morning topped the five-man event of the American Bowling Congress tournament with their 2893.

Hardly second in interest to the team work will be the play in the doubles and singles, the New Haven players being expected to show some tall scores in both the doubles and singles.

Christie Thies of Cleveland, rolling under the handicap of having a brand new ball, was the star of the day with his 612 that ran him fifth for the title. The 5-10 split in the ninth frame cost him his chance to pass Ben Huisman, of Cincinnati, and Frank Shaw, of Chicago, who are tied for the lead with 686.

The final shift of the five-man teams last night did not show much, although four clubs rolled over 8700. The leaders were the Vermonts, of Chicago, who got 2145, the Gunds of Cleveland being next high with 2730, neither of them putting into the first ten places in the standing.

## SHARMAN IN LEFT FIELD

Ralph Sharmen is certainly making some of the regular outfielders of the Giants stop some. He is finding in his usual brilliant style and is getting two and three hits almost every day. McGraw has taken a liking to Sharmen and is playing him regularly in left field.

## May Grab Falkenberg

Toledo, March 17.—Pitcher Cy Falkenberg, who after jumping from the Cleveland American league club played with both the Brooklyn and Newark Federal teams last year, may be signed by Roger Bresnahan for the Toledo American Association team. It was reported today, Falkenberg has been in Toledo since last Sunday, and it is believed he will sign a contract before the season opens.

## Boston Gets Ed Reulbach

Ed Reulbach, former National and Federal league pitcher, was signed by the Boston Nationals yesterday. Reulbach will report at once. It was believed that Reulbach had been safely landed by the Pirates.

## Two Classy Teams To Play

Tonight in the high school gymnasium the German Evangelical basketball five after several weeks' absence from the field will tackle the Spanish class five, the game to start promptly at eight o'clock. The church quintet defeated the Spaniards early in the season. The church five will have Ed. Kohl, Schuck, Hencke, Hendry, Kugelmann and Torres. The Spaniards will use Egbert, Stalen, Schultz, Hater and Matthews.

Kansas City, March 17.—Danny Shay is in complete control of the Kansas City American Association baseball club, according to an announcement today by George Tatham, owner of the local club. "I've given Manager Shay the reins," said Tatham. "He holds the purse. Get the ball players are my only instructions to him."

## Splendid Scores Are Made In Boy Scout Basketball League

**SPRING BASKETBALL LEAGUE Standing**

W.	L.	Pct.	
Centrals	4	0	1000
Grays	2	2	.500
Roxalls	2	2	.500
Trinity	0	4	.000

**Thursday Night's Scores**  
Centrals, 7; Grays, 6.  
Roxalls, 20; Trinity, 5.

**Oh You Centrals**  
In one of the most exciting games of the season, the Centrals defeated the West End Grays Thursday night by the close score of 7 to 6. It was a real thriller, especially in the last half when neither side registered a tally. Pressler at center for the Central Presbyterian boys played one more swell game, as well as Ribble for the Grays. The score:

Centrals	Grays
Kah	RF Bybee
Matthews	LF A. Edwards
Pressler	C Ribble
Brown	RG Ribble
Wiget	LG Bruns

**Field Goals—Pressler, 1; Matthews, 1; Ribble, 3; Wiget, 1. Total Goals—Kah, 1. Referee—Wagner.**

**Englebrecht Some Shooter**  
Englebrecht, the Rexall center, played some great game Thursday night, throwing 8 field goals, practically winning the game all "by his lonesome." The Trinity boys were unable to stop him, and the Rexall aggregation won out 20 to 5. The score:

Rexalls	Trinity
Englebrecht	C Backus
Pace	RF Monroe
R. Laming	LF Thamm
Monk	RG White
P. Laming	LG Marsh

**Troop 5 Stunt Night**  
Troop 5, Boy Scouts of the German Evangelical church will hold their annual gym meet and stunt night tonight, (Friday) at 7:15 o'clock. The programme consists of wrestling matches as follows: Harry Kah vs. Earl Wolff, and George Schirrmann vs. Orville Wolf. Boxing bouts—Earl Manly vs. Philip Schneller and Earl Wolf vs. Lawrence Schneller. John Kaiser, Homer Church and Donald Sheridan will also give a horizontal bar demonstration. John Kaiser will give a punching bag demonstration. There will also be a fast basketball game between the Evangelical Juniors and the Reds, winners of the pennant of the Junior League for the past season. The two teams will line up as follows: Graf vs. C. Resinger, Lindemeyer vs. RF Hewitt, Mohl vs. LF Hubbard, Sampson vs. RG Kenyon, Multer vs. LG Pace.

The entertainment will be open to only members of Troop 5, or to the members of the G. E. S. S. This restriction is made on account of lack of space.

**Banquet On Tonight**  
The East End Basketball team, which won out in the tournament last Saturday will banquet this evening at the home of Frank Davis, 1309 Center street. The boys will celebrate in great style their victory on last Saturday. The players are Arthur Doll, Harry Doll, Russell Williams, Harold Dunn, Darsie Hamilton, Frank C. Davis and Corwin Knowles. Harry Wagner, of the P. H. S. team, was coach.

**Scoutmasters Hold Good Meeting**  
The Scoutmasters of Portsmouth held a splendid session last night at the First Presbyterian church. After the invocation by Scoutmaster B. R. Cartwright, of Troop 7, interesting troop reports were read as follows: Troop 1, M. H. F. Kinsey;

**Troop 2, C. M. Williams; Troop 3, H. W. Wagner; Troop 4, George Youngman; Troop 5, H. W. M. Hart; Troop 7, B. R. Cartwright; Troop 8, M. H. F. Kinsey; Troop 9, Ralph Hopper; Troop 10, N. B. Griffin; Troop 12, Clair Guffy.** All these reports showed great progress in the work. Owing to the length of the program, the papers to be read at this meeting were deferred until a later date. At the close of the program the scout leaders went into the gym, where they witnessed an exhibition game of basketball especially planned for their entertainment, between the East End and the Eagles, two of the fastest boy scout teams in the city. The Eagles had things their own way, defeating the East Enders 27 to 10. The score:

Eagles	East End
Blake	RF Doll
Davis	LF Hamilton
Davidson	C Williams
Hopper	RG Hopkins
Walker	LG Davis

**Field Goals—Davidson, 5; Blake, 3; L. Davis, 6; Williams, 1; Doll, 2; F. Davis, 1. Total Goals—L. Davis, 1. Referee—Wagner.**

**Tonight's Scout Meetings**  
Troop 5 at German Evangelical church.  
Troop 6 at Kendall Avenue church.  
Troop 7 at home of Scout Pressler on Sixth street.  
Troop 11 at the home of Scout Ketter.

**All Star Team Picked**  
After a careful perusal of records, and after witnessing all league games this season, the following team has been officially picked at Boys' Headquarters for the season, as follows, in basketball: Wilson, of Tigers, center; Edwards, of Tigers, right forward; A. Doll, of East End, left forward; Bryant, of Covenanters, right guard; Blake, of Eagles, left guard.

**Pupils Were Dismissed**  
All pupils of the Second street school were dismissed for a few minutes during the parade at one o'clock Thursday when the start was made from The Times office for the home of Dudley Albert Barber, first 1916 baby, who received his large number of presents today.

**To Maber Road**  
Will Conrad, a shoemaker, moved Wednesday from Fullerton Ky., to a home on Maber Road.

### CAUSE FOR CONGRATULATION

The St. Louis Milk Commission came into existence twelve years ago. Its particular province was the regulation of the conditions and standard by which milk could be sold in the city, and its especial purpose was to "save the babies." In the first year of its existence infant mortality was high, 135 out of each 1,000 born. The first year some progress was made in raising the quality of the milk sold and there was a slight decrease in the ratio of mortality to births. The constant tendency was more stringent regulation and greater efficiency in enforcement. The result is more than gratifying and last year the ratio of infantile deaths was but 80 to the 1,000. Not all of this, by any means, is claimed for the sale of wholesome milk. Better water, improved sanitation and a distinct advance in the methods of treating children, infants especially, has helped considerably. Still it is felt the main gain has been made through pressure of rules that have brought better and purer milk to market. And right here has been another gain. The improvement has not been confined solely to St. Louis, her example has spread to the surrounding towns and generally health conditions, among adults as well as among children, have risen to greater effectiveness, because milk drinking, even in public places, has largely supplanted that of intoxicants. Any number of thirst palaces and refreshment places are selling milk beverages that are bulwarmed with all sorts of certificates, tests and guarantees as to purity.

### GOSSIP AND SLANDER

Hillsboro, Ohio, has been the center of social disturbance due to the activity of the gossip and the scandal monger, which leads the Hillsboro Herald-Dispatch to editorialize upon the evils of the crooked tongue. "Gossip and slander," says the Herald-Dispatch, "are certainly two of the greatest evils that a community can be afflicted with, and there are but few communities that are not assailed by it. How any man or woman with one spark of humanity in their hearts can fall into this slimy, loathsome and disgusting habit or propensity we cannot imagine. It is indulged in by men and women to an extent that is appalling. Neither is it confined to the low down loafer but affects the office, home and store. It is inconceivable to one of a rational mind how any person can sit around and purposely start a slanderous report on either friend or foe. God in his wisdom is the only one that can finally deal out to such people their just deserts."

Then the Herald-Dispatch goes on to tell of some instances in which the lives of young girls at Hillsboro have been snatched by the slanderous tongues of the community and calls down the wrath of Heaven upon the perpetrators. But he has faith in mankind, has our editorial friend at Hillsboro, and he concludes his dissertation by a profession of faith that after all mankind is not wholly bad, saying:

"But after all we are optimistic, we believe the world is better; that most everyone has some good in them; that there is in the worst of men and women a chord of sympathy that can be aroused. It may have lain in a dormant state for years, but the right person, in the right manner, at the right time, can touch the latent spirit of humanity implanted by God in every human soul, and it can be made to respond, yield and become subdued, so that tears of genuine repentance for a rebellious spirit will flow and cause a lost soul to be saved from the tortures of hell. If there is one thing we crave above another it is that our sympathetic feeling for humanity and belief that there is more good than bad, more love than hate, more roses than thorns, more good intentions than bad, will abide with us, and let us live as an optimist on that subject."

"Therefore with a heart full of clarity, let us press on and try to do better and get others to join us, thus causing their hearts to enjoy new aspirations, and let us follow the greatest commandment ever given from the Prince of Peace, 'Do unto others as ye would that men should do unto you.'"

The report that a six million dollar plant is to be built at Cleveland to manufacture war munitions for the Russians may or may not be true. It is of enough substance, however, to establish the conviction that the inside opinion is the war will be of indefinite continuance.

That Jackson banquet puts it up clear that Ex-Sheriff Eckhart is some publicity agent.

### LIKE THE GOOD OLD SAINT

### GRAFT AT AKRON

A state examiner has been nosing into the conduct of public affairs and finances at Akron, and, it would seem, finding so much that is illegal and reprehensible, that he fears to shock the state too greatly by telling it all at once, so he is unfolding it on the installment plan and at distinct intervals. In his last installment he finds the street superintendent derelict, in that he used his own teams and those of his father and brothers in work on the streets. The usual crude expedient of having the bills brought in under the name of some one other than the superintendent himself, or a relative, was resorted to. This clumsy device makes it clear enough that the official knew he was violating the law, one of the best precautions ever invented to check graft, that forbidding public officials to have a personal and financial interest in public contracts. For had he not so known there would have been no effort to hide that interest by fictitious vouchers. As so much ado is made over the mismanagement of Akron's municipal affairs, the prosecuting attorney should become diligent and effective in the work of securing the imposition of proper fines and penalties. Abuses of the kind that seem to be common at Akron are all too prevalent in general and it is high time example were made in check of a most harmful practice.

Attorney Frank W. Moulton sends us a copy of the Nassau Guardian published down in the Bahama Islands. It is printed on one side of a small pink sheet and looks something like the small flood editions we occasionally issue when our big press is out of commission by the water. Mr. Moulton writes that while it is not much of a paper, it is a money maker and the proprietor and editor, Miss Mary Moseley is now enjoying a vacation trip to England. We suppose the Guardian fills the bill, but we don't imagine it would go very far in Portsmouth. It has about as much news as is found in a quarter of a column of The Times.

\* Beginning Saturday we will publish state political letters, giving expressions to news, views and opinions from both Democratic and Republican standpoints. The Democratic letter will be furnished by the state press bureau of that party, and the Republican letter will be furnished by the Republican press bureau. Read whichever one suits your taste, or better still, read them both, and draw your own conclusions. The Times, of course, does not assume responsibility for the utterances, and is printing them that its readers may keep in touch with the political activities of the dominant parties in the state. The letters are the official views of the controlling committees of the parties upon public questions.

Occasionally we see a girl whose appearance reminds us with a twinge of sadness that our white spats should be clean as a bound's tooth.—Ohio State Journal.

### NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, March 17.—S. Jay Kaufman, who has burst forth with a zippy column for the tired boulevardier in the New York Globe, has a rambling assignment. He just rambles in and out the town and writes of his impressions.

His latest impression is that Bohemia is wandering up town. Harlem may now be considered de rigueur by the tango friend and the Bismarck herring gourmet. Not very far from the 116th-Lenox subway station is a delicatessen factory which has a restaurant on the side. The combination delicatessen-cafe has become a rendezvous of the newswriters, of musicians, of painters and pseudo scribblers.

Also in the place may be found hopeful future district attorneys, borough presidents and other politicians. The real "vie de Bohemie" without Ducloux's music is there—and they never have the milk bottles stolen in the morning.

Now cafes and tango halls are blooming all over the uptown section. The prices are not so steep for rents are not so high.

There is a man who has an office along the Times Square curb who makes his living by his wit in an unusual way. He is up early to scan the columns of the morning papers. He hunts for stories about people who are rarely in print, if ever.

He then hustles to their home address and tells them that they have been written about in the New York newspapers. Of course they are very much thrilled by the information.

For one dollar he agrees to furnish them with the paper. Most of them fall for the offer and the man with the idea is said to make from \$3 to \$10 a day and on Sunday as high as \$25.

A unique dinner party with the golden service was given last week at the Knickerbocker. Famous chefs from all over the country were in convention here and the most noted of them got together for a special dinner.

They were agreed that talking while eating detracts from placing

the proper value on food, and so each of the guests were requested, when seated, not to speak a word. Not one guest broke the promise.

The banquet lasted for more than an hour and all of the most expensive dishes were served. In the party were such well known New Yorkers as James K. Hackett, George Ade, Louis H. Chalf, William R. Hearst, Oscar and George Gould.

Joe Drum, well-known Broadwayite, was recently put on a diet by his physician. He stood down in Longacre Square the other afternoon, glumly contemplating the traffic with his eyes, that ever and anon strayed irrespectably toward the beckoning of a taproom.

"Hello, Joe," greeted a friend, stopping to offer condolences. "You are looking fine since the doctor took you in hand."

"I don't feel fine," was the gloomy response. "I had a glass of milk and a richy and a bun for breakfast."

"But think of the economic advantages," continued the other. "You've got twice as much money now as you had when you were visiting the cafes."

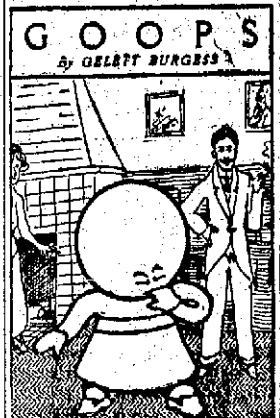

"Sure," agreed Drum. "but I haven't any use for it now."

The idlers about the bulletin boards in front of newspaper shops have invented a new game to aid them in their sport of killing time. They select a pedestrian at the nearest corner and then wager whether he will stop at the bulletin board or pass on.

All bets had to be called off on one pedestrian the other day. He walked up briskly toward the bulletin board, turned about suddenly and without halting walked back again in the direction from which he came.

### Victim Of Cruel Joke

J. O. Braden, the O. and O. night ticket agent at South Portsmouth, is running around with a stuffed club for the person or persons who carried off his "automobile" Wednesday night. Braden rode a three-wheeled railroad-velocipede down to below Beattyville to see his girl. When time came for him to take his departure he was amazed to find the machine which weighs over 200 pounds, resting against the front gate of his sweetheart's home, fully 300 yards away from the railroad tracks. It was necessary for him, with the aid of the girl, to tote it back through the mud.

I wish you'd look at Nellie Bayles; just see those bitten finger nails! Yours will be uglier than those if you keep biting. I suppose. She is a Goop. If you're not, then you'll never bite your nails again!

### Don't Be A Goop!

"What is your diagnosis, doctor?" "Well, I find that you have a little inflammation in the ears; your throat is slightly affected; your digestive organs are not functioning properly, and there is evidence of brouitis."

"But can you fix me up?" "Well, I advise that you go to Dr. Tappen for your ears, across the street you will find Dr. Swallow, who is a throat specialist, and Dr. Popsin will understand your digestive difficulties. As to your brouitis, you should see a good long expert at once."

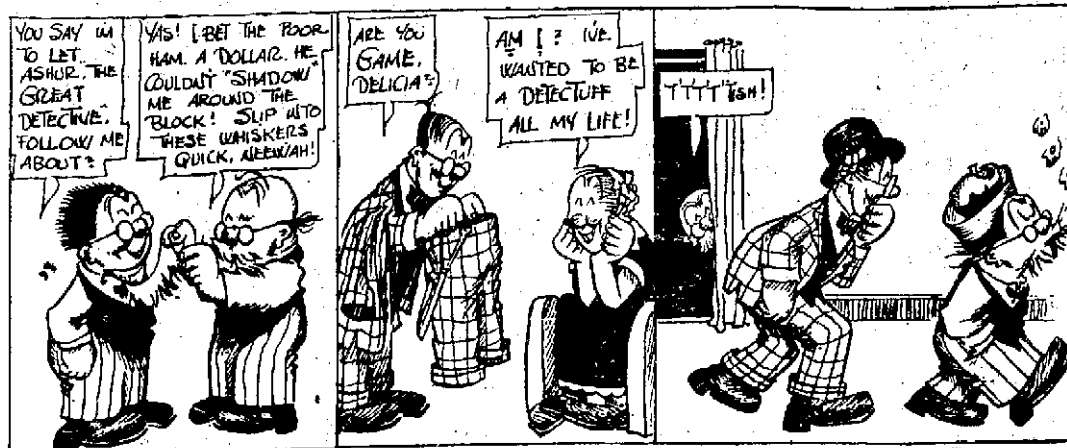

"But isn't there anything the matter with me that you can cure?" "Yes, you have a \$10 bill in your wallet; I'll relieve you of that."—Exchange.

Teacher—"Willie, what is your greatest ambition?" Willie—"To wash mother's ears."

**New Cars Coming**  
The Chevrolet roadster purchased by Dr. T. G. McCormick of Alex Glockner, local agent and the five passenger "Baby Grand" model Chevrolet touring car bought by Jack Kennedy, a roller at the Steel plant, of the same dealer, are expected to arrive here Thursday.

**Brightened Up**  
The Portsmouth Banking company is having its fixtures retouched and is otherwise brightening up the interior of its room at Second and Court streets.

# MERCHANTS HOLD SPRING OPENINGS

## Everybody Invited To See The Displays; 'Bargains' Saturday

The show windows of the Portsmouth stores are a veritable fairyland, displaying fashion's latest decrees. The merchants of the city have surely arranged an elaborate array of spring goods for their patrons, for the window displays are more elaborate, more artistic, more beautiful than ever before. The striking beauties of the exhibits are wonderful, and Billy Butt in has sent ideal weather for the occasion.

Great banks of early spring flowers, simple lattice work over which dainty vines traverse, massive pillars supporting overhanging canopies of spring roses, beautiful backgrounds of multi-colored tissue paper and hidden bowers in Sylvan nooks are featured in the window displays.

Filmy afternoon and evening creations for the women with the daintiest of boots and leather pocketbooks feature some of the displays. Staple, neatly patterned suits and coats of moderate colors are the bulwark of other exhibits. Some of the most artistic boots and shoes from "Milady's" slipper to the heaviest of heavy men's shoes are displayed.

### Beautiful Showings In Jewelry Stores

Gleaming silverware fresh from the melting pot of the silver-smith, nestling in snow white beds of satin. Sparkling diamonds of the purest rays clasped in circlets of gold. Dainty hand-painted china and sterling dressing sets form the principal displays of the jewelry stores.

Highly polished dining room sets of unique designs, ranging from the Louis XV period up to the modern day creations. Well appointed bed rooms, with brass beds and huge leather chairs with easy reading lamps with art glass shades and rugs and carpets of the most intricate designs are to be seen in the furniture store displays.

Colorful flowers, feathers and streamers nesting upon small turban-like hats of unique shapes; low crowned, broad brimmed straw hats with small sprays of velvet flowers and slender willow tassels clinging upright in the broad banded hats are some of the latest innovations in ladies' headgear, as delineated in the profuse displays of millinery.

Those soft woolsens, admixtures of grays, browns and blues predominate in the men's clothing. Alpine felt, leghorn and Panama hats will be the snappy styles of hats to be worn by the men for spring, according to the decrees of fashion. Those cool Palm Beaches, of silk-linen, of many varieties of light colors seem to be again popular for they occupy places of prominence in the displays. Shirts, fancy and solid colors with French cuffs are the very latest, and the neckwear range from simple white to all the hues of the rainbow.

### Merchants Have Made Big Effort

The merchants of Portsmouth have made an extra effort this year to make their annual spring opening one of the biggest successes in the mercantile history of the city. It is an extraordinary year. The markets in New York are crowded with buyers from all sections of the United States. Imported merchandise are sold in small quantities at almost prohibitive prices. But the American manufacturer showed the genius of the race by surmounting the imported market with "Made in America" goods. The contrast between the displays of last year and this year is surprising and pleasing.

Not only have the stores of the city spent considerable time in planning and building the window displays, but each and every department has been enhanced by quaint and neat decorations. Every department is interesting from the beginning to the end.

Another feature about this year's spring opening is that no two stores in the city have decorated their places in similar style. A wealth of ideas, a vast stock of goods, and each department featured with some particular line of goods have made this year's opening a great success.

Courteous clerks assisted the shoppers about the stores, explaining the difference in the styles for early spring. Every convenience was provided by the hospitable merchants for the accommodation of the guests.

The crowds began to visit the stores early Friday and the clerks were kept busy explaining the dif-

(BULLETIN)  
Paris, March 17.—Important infantry assaults on the French lines east of Verdun were made by the Germans during the night. Five successive onslaughts in force were repulsed by the French.

"The City" Coming to The Lyric Next Week

New York Morning World.—For the first time in many a day in New York, women in various parts of the house screamed in hysterical excitement—even the men gripped their seats in tense interest. Besides "The City," Henri Bernstein's vividly theatrical climax in "Israel" became not much more than a shadow. The shouts of the audience were the loudest and most prolonged that have been heard in a playhouse in a year.

N. Y. Tribune.—An audience half wild with excitement roared its approval last night. The applause of hands was drowned in the tremendous cheering that swept the balcony. The audience exhausted itself with cheering. And the cheers were deserved. It seems time to say merely that the play is strong, it is tremendous. If ever there was a powerful American play, firm and deft in construction, daring in plan, bold, frank, convincing, worthy to stand with the best work of the modern dramatists of the Old World, this is that play.

### Columbia Today and Saturday—These Stirring Pictures of War Are Sensational

All the terrible phases of aerial, trench and submarine warfare are to be realistically shown in stupendous battle views to be shown at the Columbia today and Saturday. Marvels of photography equal to actual trips to the war zones of Europe.

German war pictures have many distinctive and exclusive features, but the outstanding one is the amount of real fighting, as bloody as it is vivid, which unfolds itself throughout the whole of the picture. What really gives unequal merit to this production, what places it far above all pictures of its kind, is not only the amount of real fighting, which, by the way, occupies more than three-quarters of the film, but that this production is a coherent story of a whole campaign. What really constitutes an unprecedented achievement is that a battle is shown in all its incidents and that the episode that decided its issue is seen on the screen in all its reality. There are many exclusive and distinctive features in this production. The ingenuity employed in the various defenses are really wonderful, and the waste of life that the taking of these worlds must have caused reveals to us how costly modern operations must be.

The peaceful fields of Poland, where women replace the absent fighting men; pontoon bridge building from start to finish, the war industries of Germany in their feverish activity are but a few of the visual displays of absorbing interest in which this picture abounds and which cannot be seen elsewhere.

To sum up: Action, a real story, true fighting and a whole battle in progress and eventually decided are enough to confirm the claim that this is the best war picture that Portsmouth will ever see.

### "The Strange Case of Mary Page" at the Exhibit Today

Mary Page is on trial for her life, charged with murdering the man she loved. He was slain with her revolver while she was struggling to free herself from the dragon beast. She does not remember whether she pulled the trigger that sent the bullet crashing into his heart. Witnesses tell of the murder and of a world of horrors leading up to it. They explain the mysterious disappearance of Mary after the tragedy, a tale almost unbelievable except to a student of psychology. Then the prosecution plays its ace. Mary's maid describes a thrilling scene which indicates that the murder was

### Call Issued For Volunteers

All Spanish-American war veterans who are able and willing to go to Mexico are asked to notify Frank Pratt, of No. 612 Chillicothe street as soon as possible, either by phone or card.

Mr. Pratt said Division Commander Frank, of Cincinnati, was in Portsmouth Thursday night on other business but showed him a telegram from Commander Chief Dwyer, of St. Louis, calling for volunteers from among the organization for Mexican service.

## Gets Rosy With Policeman; Now Faces Disorderly Charge

A man giving the name of John Kelly, and claiming to be from Kentucky, was arrested and locked up for getting gay with Officer John Smith at the Biggs house, Thursday afternoon.

Officer Smith had started to question the man regarding a suit case he had carried from New Boston to the hotel for a friend, Ed Sexton, which contained two suits of clothes and two pairs of shoes, which Sexton said did not belong to him, but to a millman and fellow roomer. Sexton claimed he had met Kelly in the city Thursday morning and Kelly accompanied him to his boarding place in New Boston and they went to sleep. Sexton said after he woke up he found he had been relieved of \$15 and found the suit case gone. He followed Kelly to the city and overtook him at the Biggs. He later went to police headquarters and wanted to file an affidavit against Kelly, but was advised to go before the New Boston authorities. Officer Smith had merely intended asking Kelly about Sexton's complaint when he got "rosy." A disorderly charge was placed against him.

## Vienna Camp Meets Tonight

Vienna Camp Sons of Veterans will hold an important special meeting this (Friday) evening, in Selby (G. A. R.) hall. The meeting will convene at 7 o'clock, as Vienna Auxiliary also meets this evening, directly after the special meeting of the Camp. All members of both orders are urged to be present at both meetings.

"Vanity, Thy Name Is" At The Arcana Tonight

Harry and Jane are happily married, but Harry is worried over his wife's extravagance. He says nothing until one day he finds himself acquiring new gowns and hats. He quarrels about her extravagance and she goes home to mother. The mother understands the situation and plans a reconciliation. She tells Harry he must leave his wife for a week. Harry returns home. Life is made uncomfortable for Jane and, repentant, she returns to her husband. "Uncle Sam at Work" is a humorous educational showing "How Uncle Sam Protects His Ship." "Flowers Famous Cheese Room" is a Nestor comedy.

To the members of the Daily Times St. Patrick's Birthday party, Judge D. D. Woodmansee, Republican candidate for United States senator, Cincinnati, sends you greetings and hopes that you will enjoy this unique party and expressed regret that he could not attend. Judge Woodmansee, at the Jackson "Get Together" banquet stated that he too would observe his birthday on Friday, March 17.

This evening, Manager Francis Mack, who is a tried and true Irishman, will entertain the members of the Daily Times birthday club at the Lyric theatre. Elaborate arrangements have been made for this party. A special musical program has been prepared and a complete orchestra will be there. Irish folk songs, popular Irish songs and Irish classics will be rendered.

Besides the regular program, Manager Mack will offer "The Ragamuffin," which is a very interesting pictorial feature.

If you are not a member of the Times Birthday Club and you have birthdays following on other holidays, be sure that you attend the Lyric and see how royally the St. Patrick Irish are treated. The Times will give a series of birthday parties, the dates of which will be announced from time to time. The next one will be held on April 1.

Those who are enrolled in the Times St. Patrick's party and who received their tickets to the Lyric by carrier today are as follows:

- Sherrard McCarty Johnson, born March 17, 1889. He resides at 949 Second street.
- Fred Baesman was born March 17, 1875. He lives at 814 Fourth street.

Washington, March 17.—The eyes of administration officials centered upon the desert plains of northern Mexico where Brigadier General John J. Pershing is leading American troops in pursuit of Francisco Villa and his band of outlaws.

The censorship surrounding the movement of the expedition was so strict that up to an early hour today not a single dispatch from the American columns had been made public by the war department since the announcement of Wednesday night that they had crossed the international boundary line.

A long code message from General Johnston came to the department late last night, but Secretary Baker declared that it contained no news of importance and he would not make it public. Unofficial advices from the border said that Villa and his men are far to the south of the American forces.

Washington, March 17.—The administration bill to repeal the free sugar provision of the tariff, passed by the house last night, went to the senate today. It will be referred to the finance committee and probably will be taken up soon in the senate for action.

The bill was adopted 346 to 14 by the house, thirteen Democrats and one Socialist (Representative London), casting the negative votes. Efforts to amend or recommit were unavailing.

Majority Leader Kitchin, who made the concluding argument for the measure, ran the gauntlet of a rapid fire quiz by the minority which developed into a general attack and defense of the tariff.

As the tariff law now stands sugar would go on the free list May 1, with a consequent estimated loss of revenue to the government of approximately \$12,000,000.

The censorship surrounding the movement of the expedition was so strict that up to an early hour today not a single dispatch from the American columns had been made public by the war department since the announcement of Wednesday night that they had crossed the international boundary line.

A long code message from General Johnston came to the department late last night, but Secretary Baker declared that it contained no news of importance and he would not make it public. Unofficial advices from the border said that Villa and his men are far to the south of the American forces.

Washington, March 17.—The eyes of administration officials centered upon the desert plains of northern Mexico where Brigadier General John J. Pershing is leading American troops in pursuit of Francisco Villa and his band of outlaws.
